THANK YOU, DOCTOR.

YOU WERE RIGHT TO HAVE ACTED

I'M SO GLAD..

I'm sorry.

THAT'S OKAY.

HE REALLY SHOULDN'T HAVE GONE THAT FAR.

ALL THE VETS HAVE GATHERED TOGETHER!

MORE IMPOR-TANTLY...

LET'S CELEBRATE THE REUNION!

SHE'S TRANSFERRING SOME USEFUL STUFF TO US AT THE MOMENT.

What about Sherilyn?

WE SURE HAVE AGED..

EH... IT'S BEEN WHAT... 15 YEARS SINCE THE SECOND GENERATION GUNDAMS WERE DEVELOPED

SOON WE'LL HAVE TO PASS OUR CRAFT TO OUR KIDS.

I DON'T REALLY FEEL LIKE DOING THAT, BUT YOU MIGHT BE RIGHT.

DON'T SAY THAT, MR. VASHTI!

IT'S KIND OF...

TO THINK THAT THIS ADULT WOMAN STANDING BEFORE ME IS THE SAME PERSON AS THE YOUNG AND ENERGETIC MS. CHAL...

.....

874 RESCUED FON ON HER OWN VOLITION, WITHOUT RELYING ON VEDA FOR INSTRUCTIONS.

ACTUALLY, YOU'RE WRONG.

!?

THAT OUTFIT LOOKS REALLY GOOD ON YOU.

AND MEISTER 874 HASN'T CHANGED AT ALL, I SEE!

HAVEN'T CHANGED AT ALL.

COULD IT BE... THAT... MORE THAN ME..?

THOUGH SHE MIGHT HAVE FIGURED OUT THE TRUTH, I DON'T KNOW.

NAH. SHE THINKS YOU'RE MY RESUPPLY AGENTS.

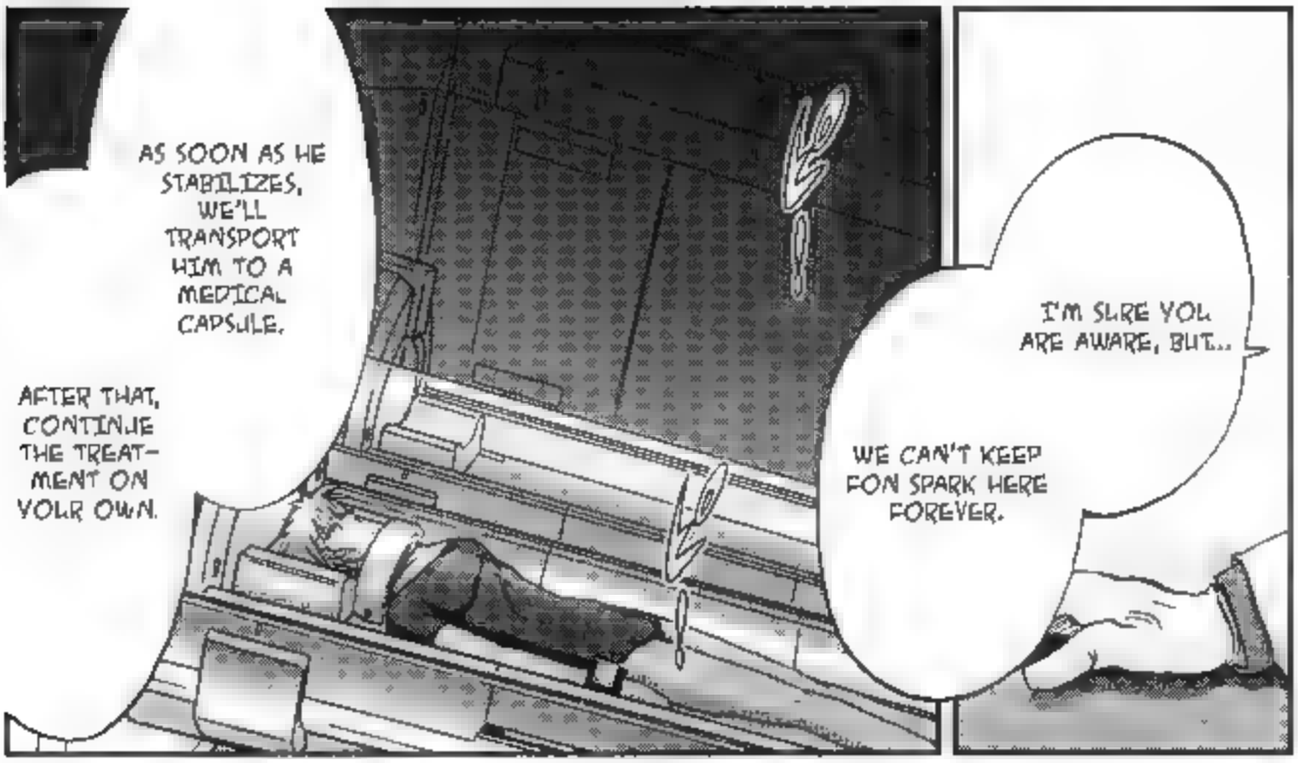

DOES MS. SUMERAGI KNOW ABOUT..

YOU'VE BECOME A GOOD STRATEGIST YOURSELF, CHALL.

IN CASE SHE DID, I'VE SECURED A RECOMMENDA-TION FROM WANG LIL MEI.

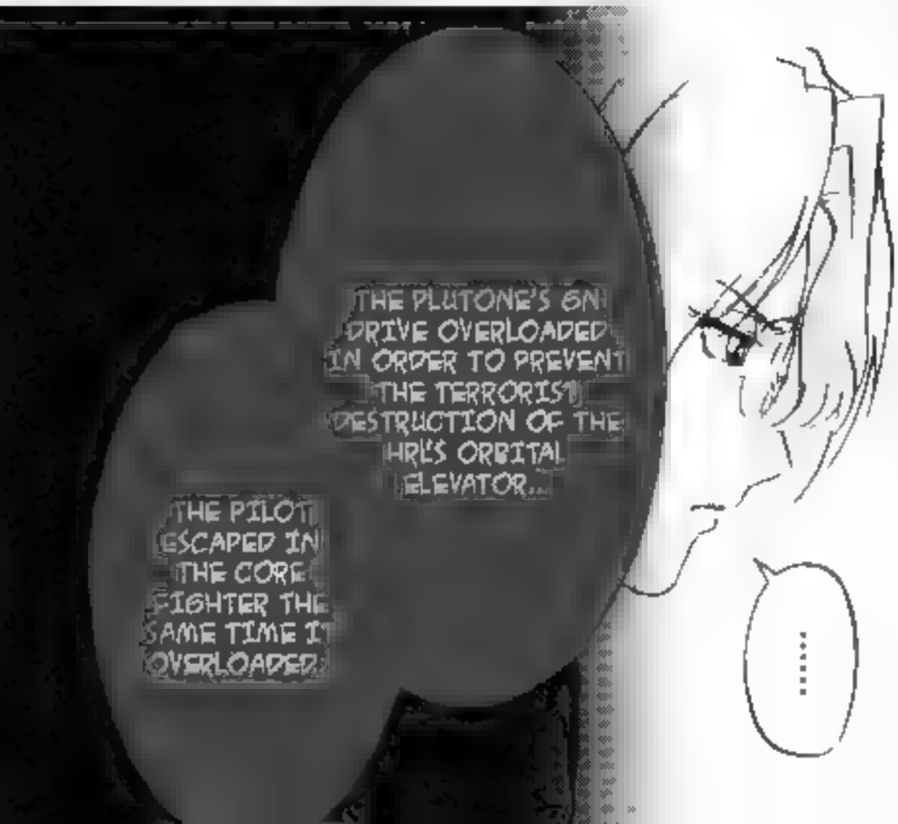

IT'S ONLY NATURAL THAT I IMPROVED A LITTLE.

I'VE GROWN TOO.

AS SOON AS HE STABILIZES, WE'LL TRANSPORT HIM TO A MEDICAL CAPSULE.
AFTER THAT, CONTINUE THE TREAT-MENT ON YOUR OWN.
I'M SURE YOU ARE AWARE, BUT...
WE CAN'T KEEP FON SPARK HERE FOREVER.

I AM. THERE'S NO NEED TO WORRY.
THIS IS THE PERFECT TIME FOR IT. ARE YOU TAKING YOUR MEDICINE?

HUH? AT SUCH A TIME?
IN THE MEANTIME, LET'S GIVE YOU A CHECKUP

THE PLUTONE'S GN DRIVE OVERLOADED IN ORDER TO PREVENT THE TERRORIST DESTRUCTION OF THE HRL'S ORBITAL ELEVATOR...
THE PILOT ESCAPED IN THE CORE FIGHTER THE SAME TIME IT OVERLOADED.
.....

THAT WAS A VERY UNFORTUNATE EVENT...

AND WERE MOST CERTAIN TO HAVE DIED INSTANTLY.
BOTH WERE ENVELOPED BY A MASSIVE AMOUNT OF GN PARTICLES...
AAAAAH!!
DON'T WORRY. WE'LL SEND YOU BACK ALIVE FOR SURE.
YOU MUST SURVIVE, CHALL.
THE CORE FIGHTER...
WHY?
What's the matter? Isn't the escape system working?
NO, DON'T COME ANY CLOSER! RUIDO! MARLENE!

NO...
THANK YOU.

I SEE.

CHAL.

YEAH.

WE SHOULD KEEP SUCH OLD TALK TO OURSELVES.

WELL, ANYWAY!

You are doing something very good. I think very highly of you.

SMILE

THANK YOU, MEISTER 874.

NO... HANAYO.

Setsuna F. Seiei causes a confrontation between Celestial Being and the Thrones.

All culminating in the development of GN Drive-equipped Mobile Suits by the UN forces.

Who could be intervening with Aeolia's plan?

Or is that also Aeolia's...?

As Fon recovers, a storm of change sweeps over the world.

The Thrones conduct extremely violent interventions.

THIS INFORMATION IS NOT ENOUGH.

TO THINK THAT THERE'D BE A TRAITOR IN CELESTIAL BEING...

.....

THE TRUTH LIES NOT WITHIN VEDA, BUT IN THE REAL WORLD AND IT IS WITHIN OUR POWER TO DISCOVER IT.

AND CUT THE LINK TO VEDA.

WE SHOULD PROBABLY LISTEN TO MR.VASHTI...

YOU DON'T MAKE GN-EQUIPPED MOBILE SUITS IN ONE DAY.

THIS BETRAYAL MUST HAVE BEEN PLANNED WELL IN ADVANCE.

THE PARTS WERE MANUFACTURED IN VARIOUS LOCATIONS AND PASSED AS WORKLOADERS.

BUT IT'S ESSENTIALLY IMPOSSIBLE TO COMPLETELY HIDE THE PRODUCTION OF SUCH UNITS.

WHAT DO YOU MEAN?

BEFORE CHASING AFTER SECRETS, THEY SHOULD HAVE LOOKED AT WHAT WAS IN PLAIN SIGHT

THE SUPERPOWERS SHOULD HAVE ALSO BEEN LOOKING FOR ANY SORT OF CELESTIAL BEING-RELATED ACTIVITY.

WHAT'S GOING ON?!

AN INTRU-DER?!

IT'S IN FON'S ROOM?!

DON'T MOVE!

WHAT THE HELL ARE YOU SAYING TO SOMEONE WHO'S OLDER THAN YOU...!?

FON!

BWA!

YOU'RE ALL RIGHT!

I WOKE UP BECAUSE I WAS SO DAMN HUNGRY.

YEAH.

CHALL...

GET MOVING!

HEY, OLD MAN! GET ME SOME BETTER FOOD FROM THE STORAGE.

AH, DERE DHEY ARE...

ガ" ガ" ガ"

?

WHA--!

.....

Fon ordered me to find some quick way to call you.

I SET IT OFF.

MUNCH MUNCH

WHAT'S WITH THAT ALARM?!

REALLY, FON, YOU...

I REALLY WANTED TO SEE YOU ALL.

WELL, FIRST THING AFTER I CAME TO...

I CAN FINALLY RELAX.

I already gave him a brief overview.

WELL, AIN'T THAT EXCITING.

SOME BIG EVENTS HAPPENED OUTSIDE!

WHILE YOU WERE SLEEPING...

WHAT YOU SEE AND PERCEIVE...

THAT IS THE REAL WORLD

WE DON'T HAVE MUCH RELIABLE DATA.

IN ANY CASE, SINCE WE CAN'T USE VEDA...

IT'LL BE OKAY IF YOU JUST THINK HARD AND GIVE YOUR OPINION.

I'M SURE HE HAD THOUGHT THAT SOMEONE MIGHT BETRAY HIM.

NAH, THE OLD GEEZER'S PLAN WILL BE OKAY.

AEOLIA SCHENBERG'S PLAN WILL...

ANYWAY, IF WE DON'T DO SOME-THING ABOUT OUR TRAITOR...

ALL THIS IS ALSO A PART OF HIS PLAN? THE UNIFICATION OF THE WORLD THROUGH THE GUNDAMS' DESTRUCTION?

THAT MEANS..

THE VERY PURPOSE OF THE GUNDAMS WAS... TO BE DESTROYED?

WHAT HAVE WE BEEN...

AH GYA GYA HA HA!

CHALL, DID YOU CREATE THOSE GUNDAMS WITH THAT IN MIND?

I DON'T THINK SO.

I... AND MY GUNDAM...

THAT'S RIGHT, THE GUNDAMS ARE OUR COMRADES.

TOGETHER WE WILL CORRECT ALL MISTAKES.

FON...

HEY, WHAT DO..?

FON?

I'M GOING OUT IN THE GUNDAM.

HUH?

SO I WILL GO.

I'M ABLE TO NOW.

ISN'T THAT NATURAL?

わしゃ わしゃ

HAA...

WELL, LET'S GET STARTED!

ん？

THAT'S RIGHT! PERFECT!

SINCE WE CAN'T USE VEDA, I'VE COPIED THE SUPPORT SYSTEM FROM THE PTOLEMAIOS.

THE ASTRAEA IS READY FOR LAUNCH. THE SOLAR FURNACE HAS ALREADY BEEN MOUNTED

WAIT, WHY SO SUDDENLY...

I will also act as a support

AHYA!

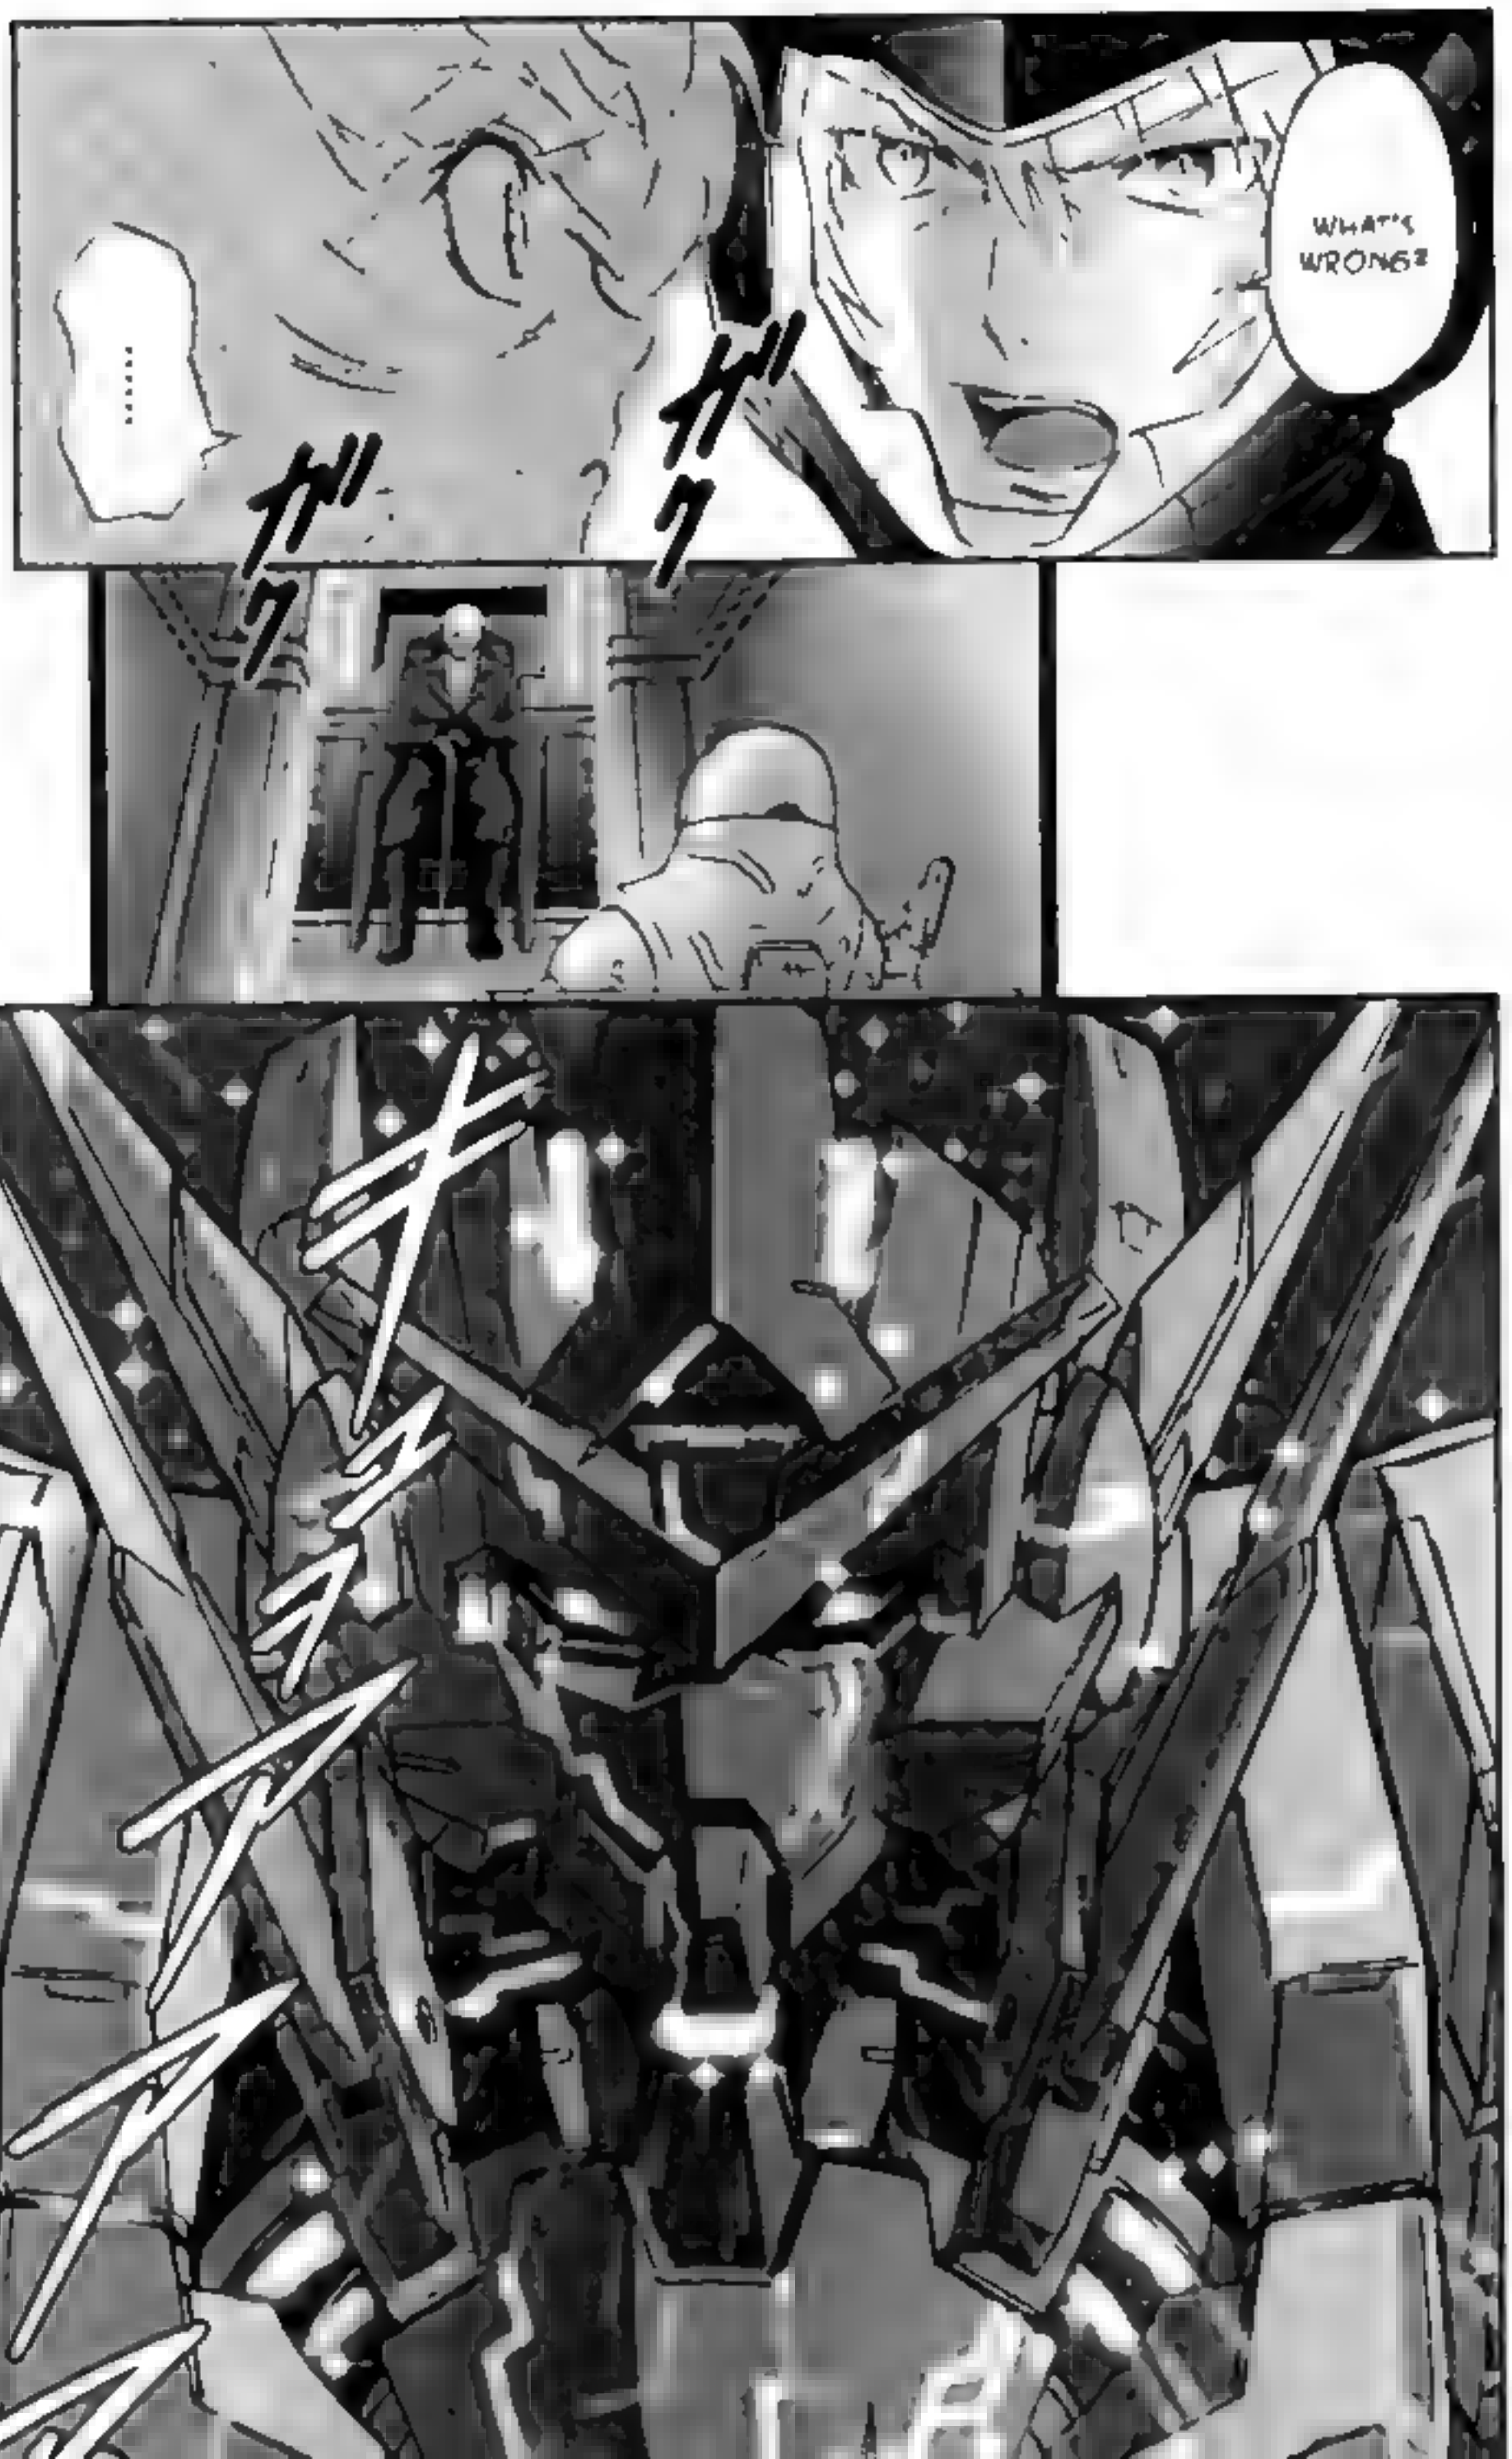

Yes.

LET'S GO, HANAYO!

GUNDAM ASTRAEA TYPE F, READY FOR LAUNCH!

ぴぴぴ！

ブオン

.....
WHAT'S WRONG?

ENTRUST US WITH THE FULL POTENTIAL?

The full potential of the GN Drive.

However, I wish to entrust you with my final hope...

To those who possess the GN Drive...

I do not know if you have inherited my will.

This is being transmitted to all units with the original Solar Furnaces.

Aeolia Schenberg

OLD MAN!

OF MY OWN FREE WILL! ALONG WITH THE GUNDAM!

YOU DON'T NEED TO TELL US THAT!

HMPH!

I pray that you will continue to fight for true peace, the end of all wars.

Not for Celestial Being,

but of your own free will, along with the Gundams.

ガシッ

AHAHAHAHA

GOING OUT IN THE GUNDAM?

#F07 /Last Support/

I'LL FACE THE WORLD MY OWN WAY.

THAT'S WHAT A TRUE GUNDAM MEISTER DOES!

YOU'RE INSANE! THE UN'S GN-EQUIPPED SUITS ARE ALL OVER IT!

YOU'RE GOING TO RESCUE THE PTOLEMAIOS?

HA! YOU'RE SUCH AN IDIOT

WHY WOULD I HAVE TO RESCUE THE OTHERS?

BUT ISN'T THAT FERESHTE'S MISS-

I DON'T KNOW.

THEN WHY ARE YOU GOING OUT?

IN ANY CASE, THE PTOLEMAIOS GUYS SHOULDN'T BE THAT EASY TO DO IN.

.....

THEY BROUGHT IT ON THEM-SELVES WHEN THEY PROCLAIMED THEMSELVES TO THE WORLD AS "HEROES".

THAT IS WHY THE ONLY OPTION FOR THE UN IS TO DEFEAT THEM WITH FORCE.

THE ENEMY HAS SEIZED VEDA...

EVEN THOUGH THEY NOW CONTROL THE FLOW OF INFORMATION, THEY ARE TRYING TO SUPPRESS CELESTIAL BEING WITH FIREPOWER.

THEY'LL COME FOR US TOO, WON'T THEY?

IT IS BEST TO ASSUME THAT THE LOCATIONS OF ALL THE SECRET DOCKS HAVE BEEN DISCOVERED.

TO PREVENT THEM FROM RESTORING THEIR FIGHTING STRENGTH, THE ENEMY WILL TARGET THEIR RESOURCES

WHAT IF..

FON WAS RIGHT AND CELESTIAL BEING WON'T FALL SO EASILY TO A FRONTAL ATTACK?

WE WILL USE CARGO SHIPS TO RECOVER THE SUPPLIES.

I'LL DEAL WITH THE ENEMIES AT THE SUPPLY DOCK.

ROGER

A LOSS HERE WILL LEAD TO LOSING EVERY-THING.

EVEN MISTER IAN SAID THAT SUPPLIES ARE THE SECOND BATTLEFIELD.

WAIT, WAIT, DOES THAT MEAN THAT WE'RE IN DANGER HERE AND NOW?

Union Virginia-class cargo ship detected.

Six Orbital Flag units patrolling.

Arriving at supply dock, Area 923 GS

GN Particles?

What?

!?

Current course will lead to detection by the enemy.

FUCK THAT, IT'S NOT LIKE I CAME HERE FOR A NICE CHAT.

ドッ

Attack!
Deploy immediately!

It's a Gundam!

Aaah!

ヒュー

AH GYA HYA HAHA HA!!!

I'LL EVEN USE TRANS-AM!

WE'VE FINISHED LOADING THE PARTS.

Celestial Being supply dock, Area 145 D8.

WHAT'S WRONG, FON?

IT'S WORKING OUT PRETTY WELL.

AND THAT'S FOUR DOCKS CLEARED

P! P! P!

WOULDN'T THAT BE BECAUSE SHE'S BUSY PURSUING THE PTOLEMAIOS?

VEDA SHOULD BE THROWING ALL SHE'S GOT TO GET THE GN DRIVE. THEN WHY ARE WE ALLOWED TO OPERATE SO FREELY?

IT'S TOO EASY.

JUDGING BY THE LN'S ACTIONS, THEY DON'T KNOW THE PTOLEMAIOS' EXACT LOCATION EITHER. COULD IT BE THAT...

VEDA IS ALWAYS PROCESSING INFORMATION FROM ALL OVER THE WORLD

AND THAT'S WHY SHE LOST OUR TRACK.

IT IS THEO-RETICALLY IMPOSSIBLE TO HIDE FROM VEDA.

P!

P!

IF YOU ACCESS IT LIKE THAT OUR LOCATION WILL BE REVEALED!!

すん

HEY!

Veda is not tracking us.

Yes?

HANA-YO.

It is not that Veda doesn't "see" us. She continues to catalog our data as she had previously.

However, after processing, that data is treated as nonexistent

WH... WHAT?

SO I WAS RIGHT.

HAH!

Veda is unable to detect us.

WHAT? WHY?

HUH?

TRANS-AM ISN'T THE ONLY PARTING GIFT AEOLIA LEFT US.

My status as a Meister also

Yes

However, the Meisters still retain their access privileges

THAT MAKES IT IMPOSSIBLE TO RETRIEVE THE MEISTERS' DATA, DOESN'T IT?

CELESTIAL BEINGS..

RIBBONS!

Celestial Being

WHAT'S WRONG?

Has been destroyed

!!

NO WAY...

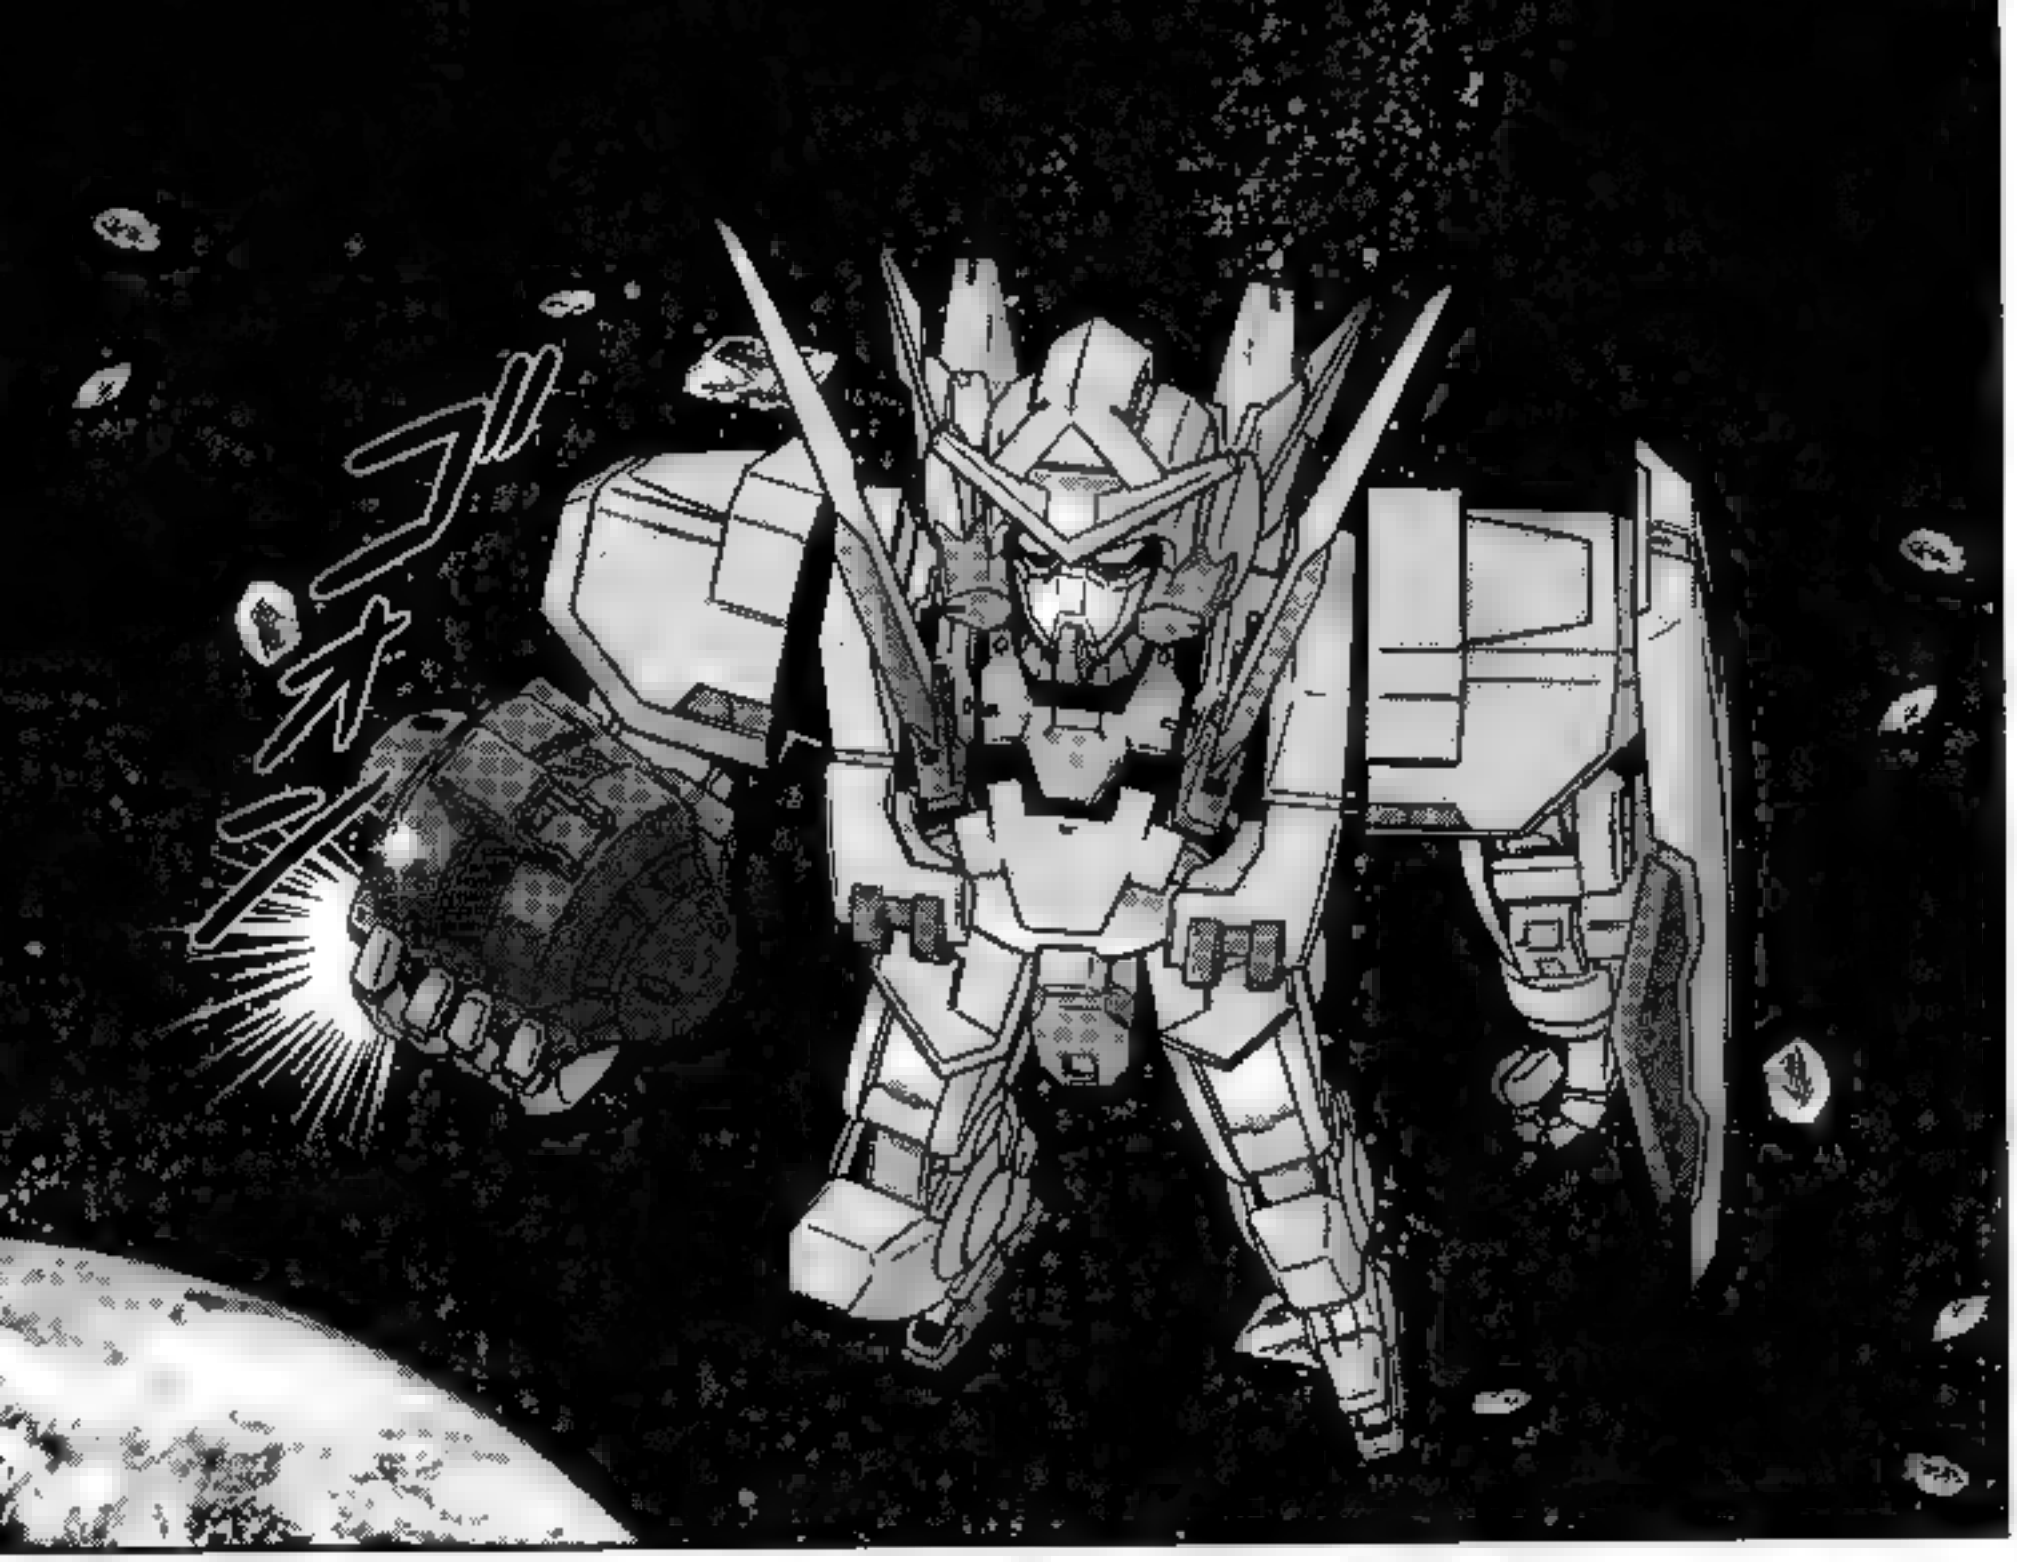

It seems that the fighting is over already.

P!

P!

That's it

HAH!
THEY'RE NOT MEISTERS IF THEY CAN'T EVEN CLEAN UP THEIR OWN MESS.

There is a UN ship in the direction the GN Drive floated from.
The Meisters could have been captured.
Will you rescue them?

OUTTA THE WAY!

At this course it will float into outer space

Lifesigns detected in the UN mobile suit wreckage up ahead

COLONEL!

AHHH! WHYYY ?!!!

IS THAT IT?

Next target detected

TIERIA!

THE GN DRIVE'S NOT THERE.

HE EJECTED IT, HLH.

HM?

.....

Wait, Fon!

MEANING WE'VE GOT NOTHING TO DO HERE.

THAT BOY. HAS ALSO LOST VEDA

HE'S SO YOUNG I WANT TO HELP HIM.

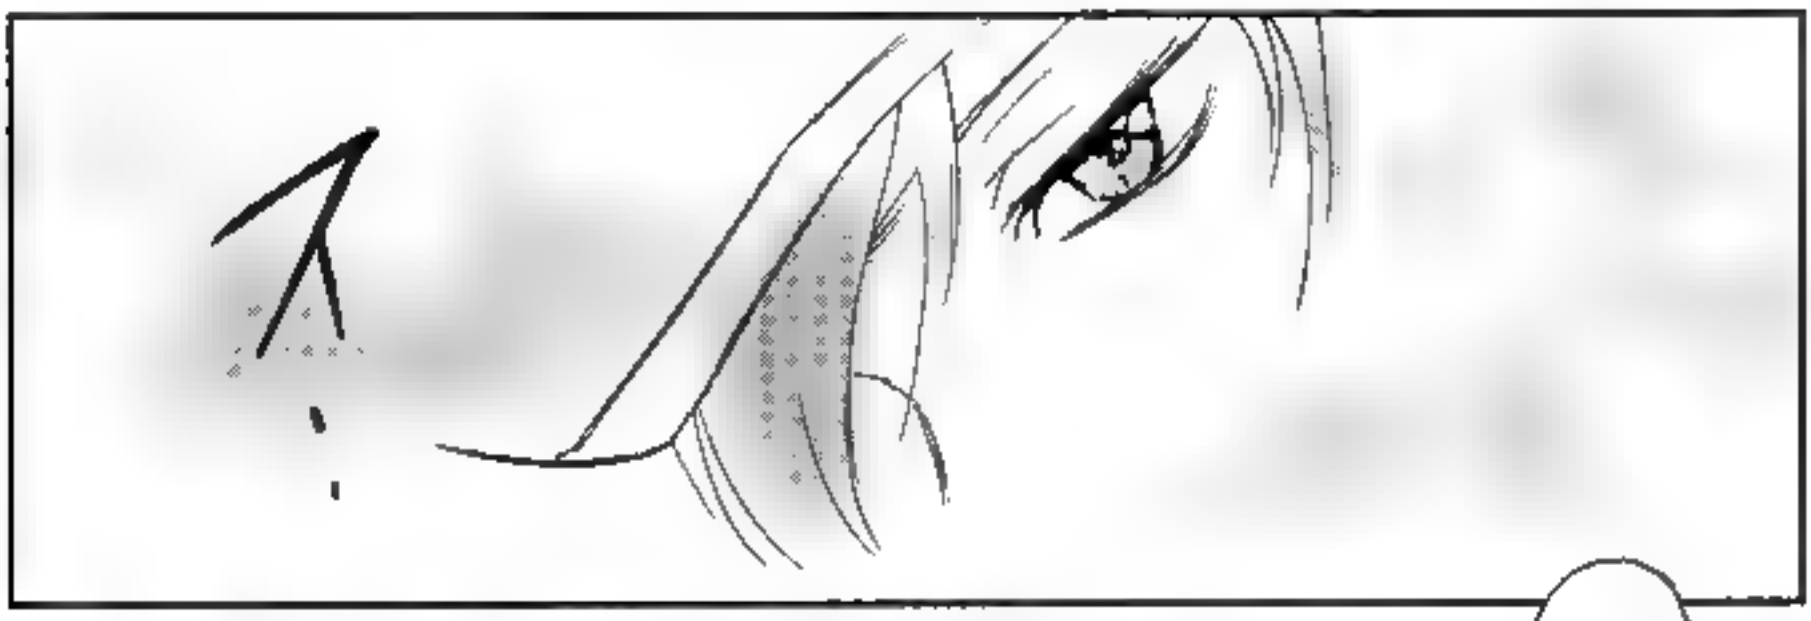

HANAYO.

IF I ONLY GIVE HIM A HAND...

WE'RE LEAV-ING.

#F08 / Hixar Fermi /

In other news, we have received a report from Morafia.

Against a group of Marshan mercenaries opposing the dissolution of outland militias.

The UN forces have launched an offensive...

As the battle took place in a mountainous area,

There were no civilian casualties or property damage.

P.C-1

There you are..
Don't go running off like that

I'm not letting go of you now, Hixar!

.....

Most people know to what all the military force is to be concentrated in the hands of the UN Armed Forces.

In return, I want to have dinner in the best restaurant in this town.

What do you think, Professor Ignacy?

Even now, when the world is united and enemies are reduced,

A peace keeping...

There are people opposed to that and I can understand them, but...

HEY VOL, WHY DON'T VOL DO SOMETHING?

HM?

SHIT!

CONSIDER TODAY'S BATTLE.

COMMAN-DER...

THIS IS IT...

THIS MUST BE WHAT THEY CALL THE FLOW OF TIME...

WE CAN'T LET THEM ORDER US TO DISARM BECAUSE THEY'RE REDUCING THEIR OWN MILITARIES!

GRR--

YOU'RE A MERCENARY-- ASKING OTHERS TO FIGHT FOR YOU MAKES NO SENSE.

DO IT YOURSELF

PMC

PMC

THIS IS AN ARMED CONFLICT! WHAT HAPPENED TO ARMED INTERVEN-TIONS?

BUT YOU'RE FROM CELESTIAL BEING, RIGHT?

AH GYA HYA HA HA!

BUT YOUR MOBILE SUIT IS A GUNDAM!

SORRY, GUYS.

BUT I'M NOT A MEMBER OF CELESTIAL BEING.

YEAH.

I'M
FON SPARK,

FREELANCE
GUNDAM
MEISTER.

ズズズズ……

The rebel army seems to have been defeated.

I HAVE NOTHING MORE TO DO HERE.

Why did we come here?

It wasn't to help the rebellion.

Nor was it to pick a fight with the UN.

TO SEE WITH MY OWN EYES.

?

AHYA HA!

HOW THE WORLD IS CHANGING.

TO SEE ITS FACE.

AFTER ACCOM-PLISHING THAT, THE SUPERPOWERS QUICKLY JOINED TOGETHER.

THE DESTRUC-TION OF CELESTIAL BEING.

WHAT ARE WE TO DO NOW?

WHAT AM I TO DO....

IF THAT IS...

WHAT AEOLIA WANTED TO HAPPEN...

BUT THEY'VE VANISHED.

CHALL, WE'VE FINISHED TRANSFERRING THE SOLAR FURNACE TO THE SADALSUUD

GOOD WORK.

カチ

OUR ONLY HOPE IS THE SOLAR FURNACES

THE ONE WE ORIGINALLY HAD AND THE ONE FON COLLECTED.

IF A REBORN CELESTIAL BEING APPEARS AGAIN, THEY WILL PROBABLY WANT THEM.

FOLLOWING FON'S INSTRUCTIONS, WE'VE GATHERED SPARE PARTS AND ARE UPGRADING THE GUNDAMS.

BUT FOR WHAT PURPOSE?... WHAT WILL COME OF IT?

IF ONLY WE COULD GET IN TOUCH WITH THE SURVIVING MEMBERS OF CELESTIAL BEING..

Oh right, Fon is your only Meister

HM? HANAYO, WHERE'S FON?

Oh, there are only three Gundams. One must be out What a pity.

AND WHERE'S YOUR TERMINAL?

NOW LISTEN, I'M ALSO A MEI-STER.

He has four Gundams

Even the Meisters of Celestial Being only had one Gundam each. How wonderful

WHAT HAPPENED TO IT?

ECHO, WATCH OUT!

WHO ARE YOU?

HUH?

Hayana.

!!

Which one will it be? The red one's pretty cool.

Oh wait it doesn't have a GN Drive

You have so many Gundams

Why don't you give one of them to Hixar?

Well then, the blue one is fine too.

SHE STARTED UP THE GUNDAM!

You're the one who doesn't make sense!

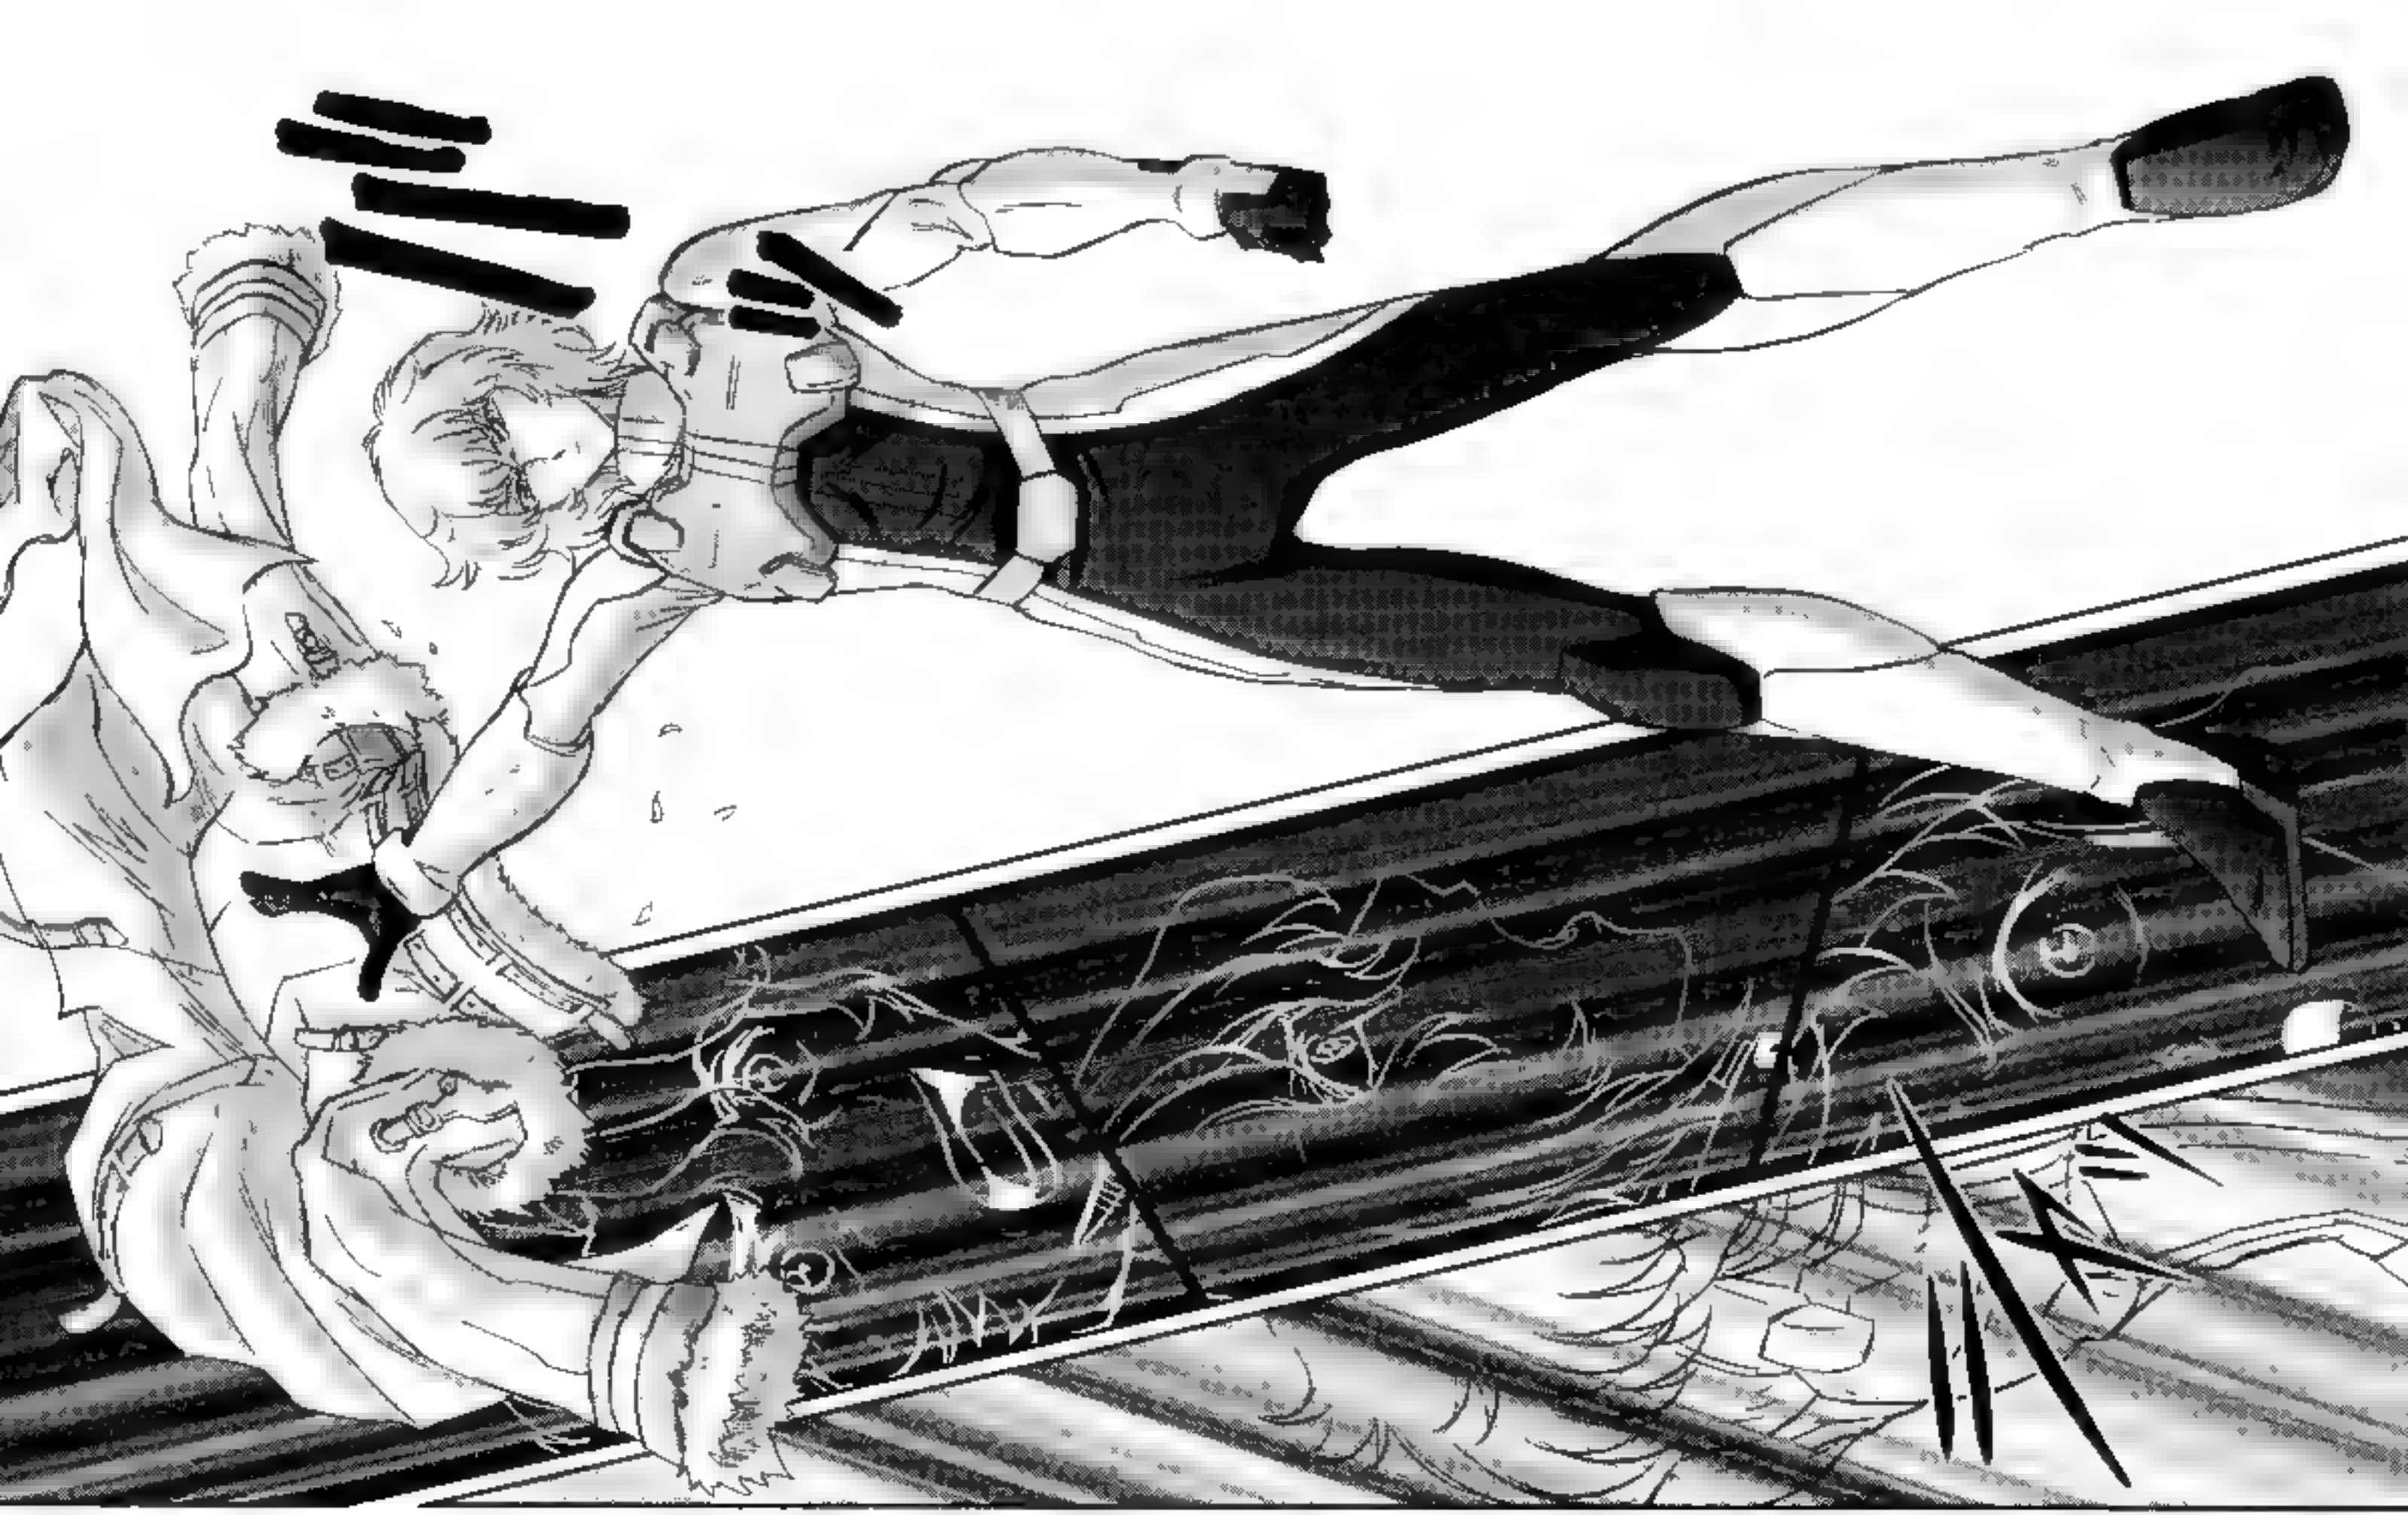

Hayana makes sense!

THAT DOESN'T MAKE SENSE!

THOSE WITHOUT MEISTER STATUS SHOULDN'T BE ABLE TO OPERATE THEM!

WHAT?!

CHAL! THERE'S SOMEBODY ON THE CATWALK!

We don't need them anymore

Can we kill them? Can we?

It was simple, wasn't it, Hixar?

.....

THERE HE IS.

AND ALSO,

EVEN IF WE HAVE TWO, IT'S NOT LIKE I CAN PILOT TWO SUITS AT A TIME

WHAT'S THE PROBLEM? WE STILL HAVE THIS ONE

AGYA HYA HAHA !!!

IT'S MORE FUN THAT WAY!

Eh?

BUT REVEALING THAT WOULD GO AGAINST VEDA'S INSTRUCTIONS...

THEY WERE DEFINITELY...

HANAYO, YOU KNOW, DON'T YOU?

WHO WERE THEY?

UH?

CHALL, YOU DON'T NEED TO TELL US.

DO WE REALLY CARE WHO THEY WERE?

NOPE!

DO YOU KNOW WHERE THEY WENT?

OKAY, THEN I'LL JUST HAVE TO BRING IT BACK.

BUT WE WILL LOSE THE SOLAR FURNACE THAT WAY!

I WON'T BE ABLE TO PILOT!

BUT I HAVE A HUNCH.

PREP THE ASTRAEA FOR LAUNCH.

I'M THE ONLY ONE WHO CAN USE THE "KEY TO THE WORLD"

I WANT TO HELP, FON!

NO WAY.

WE USED THE RESERVE PARTS FOR THE EXIA.

HAD HE USED THE ASTRAEA TYPE F2 EARLIER TODAY, HE WOULD HAVE WON.

Shall we take this one as well?

THE INCREASED OUTPUT IS INCOMPARABLE WITH THE ORIGINAL UNIT.

2nd GENERATION GUNDAMS

第二世代ガンダム

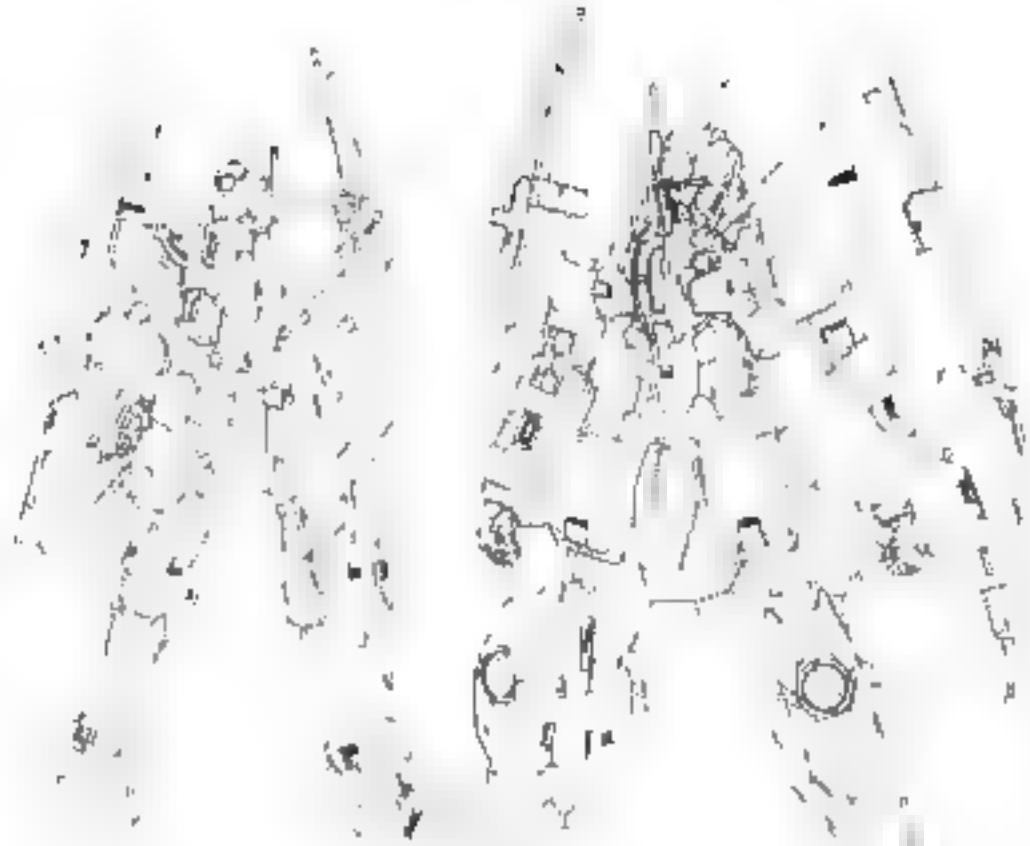

Chapter.06

SHERILYN'S DELVING INTO THE SCIENCE

Before the current Gundam Meisters on the Ptolemaios, there were other Meisters who developed the second-generation Gundams. Chall and Hanayo are the only survivors. Mr. Ian and Mr. Moreno already knew each other back then. These events are told in the official side story 00P. The Gundams that Fereshte is using now are the second-generation Gundams developed then.

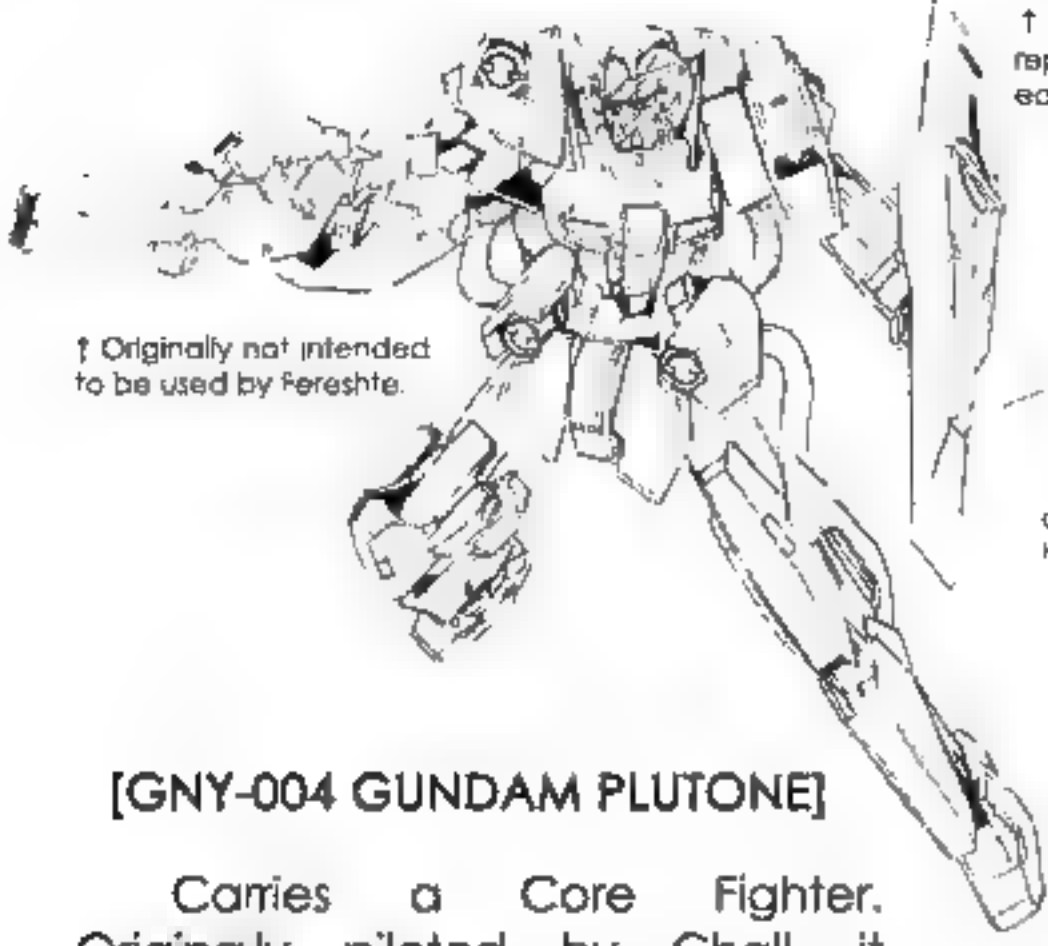

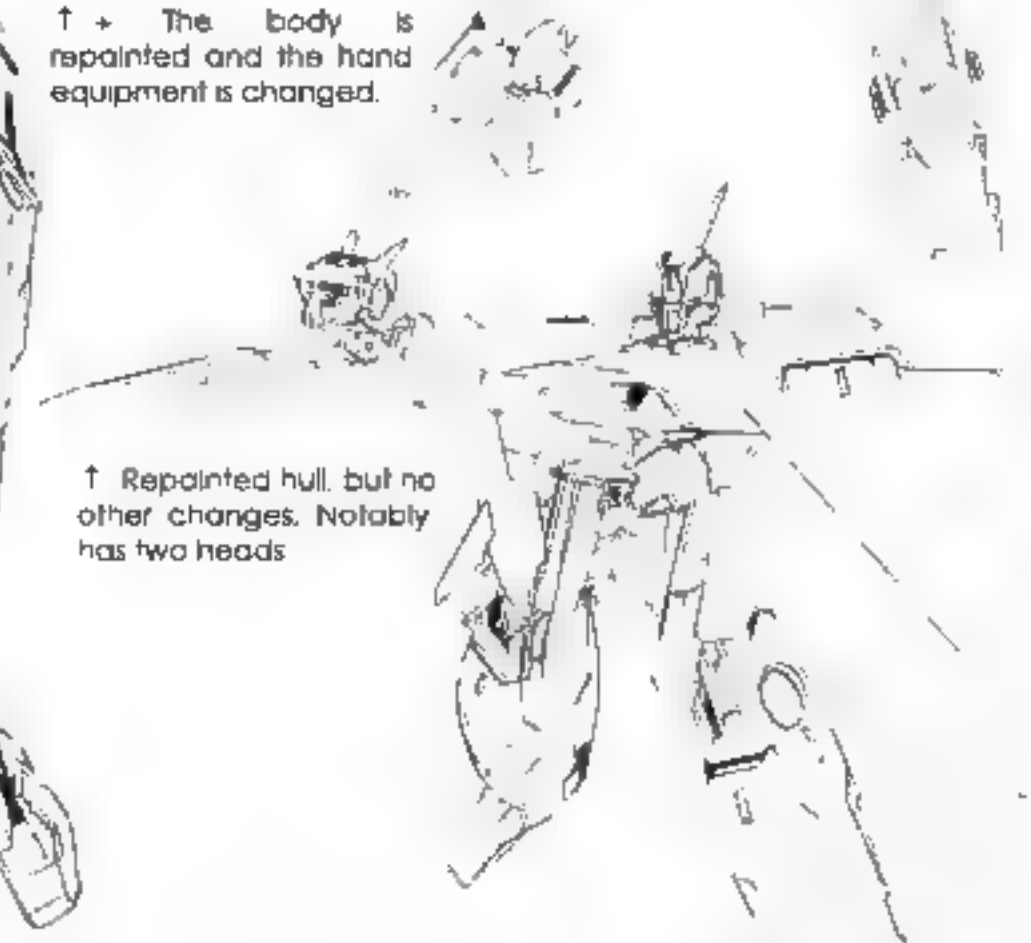

[GNY-002 GUNDAM SADALSUUD]

A second-generation Gundam customized for threat detection and information gathering. Originally piloted by Hanayo (Meister-874). Type F is very different from the standard equipment set. Design by Takayuki Yanase.

† + The body is repainted and the hand equipment is changed.

† Originally not intended to be used by Fereshte.

† Repainted hull, but no other changes. Notably has two heads

[GNY-004 GUNDAM PLUTONE]

Carries a Core Fighter. Originally piloted by Chall, it caused the deaths of many of her friends. A canceled design. Design by Takayuki Yanase.

[GNY-003 GUNDAM ABULHOOL]

Equipped with a transformation system. Can hide the fact that it's a Gundam by using ion plasma. Design by Takayuki Yanase.

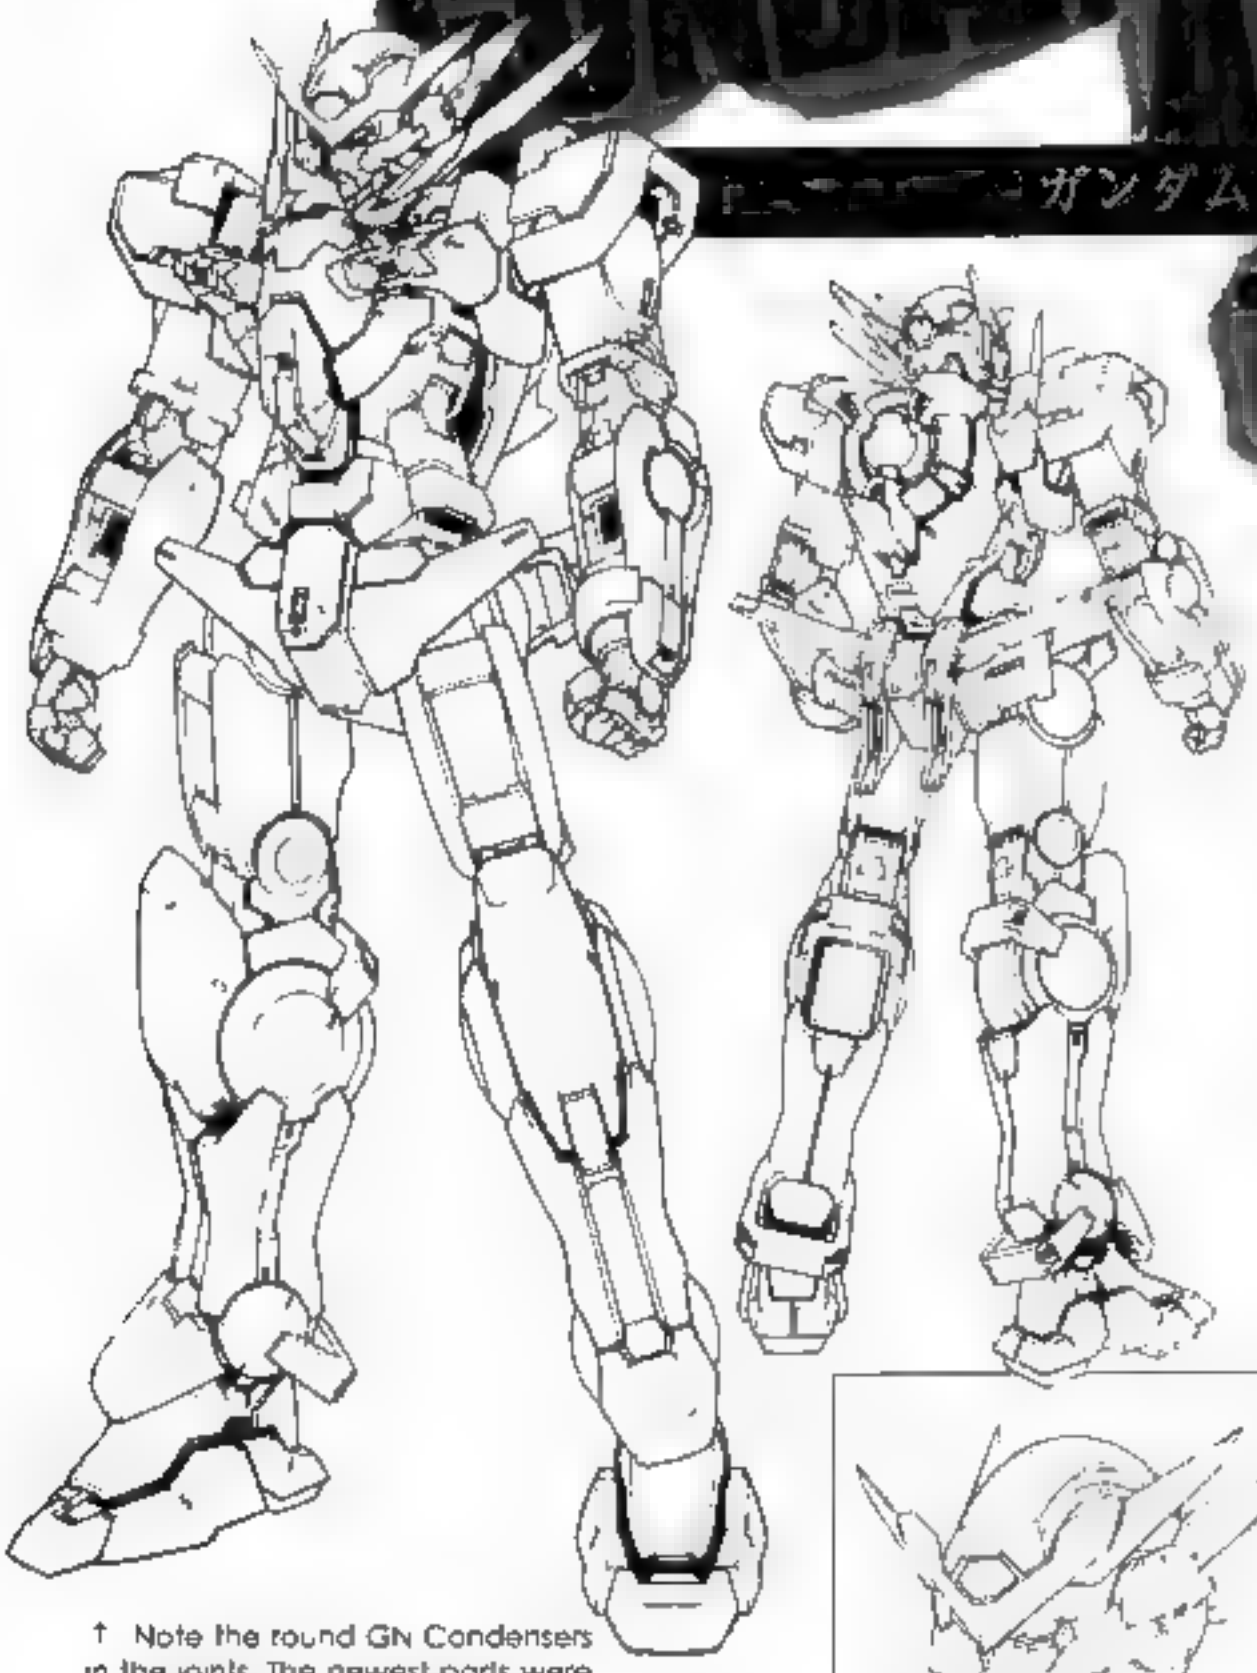

The Trans-Am system wasn't the only "system trap" prepared by Aeolia. Even with their identities erased, the Gundam Meisters still retain their access rights. For example, when the Kyrios infiltrated the HRL colony, Veda analyzed and hacked the security system. Veda has simply altered the data and restricted access to it.

CONSOLIDATED

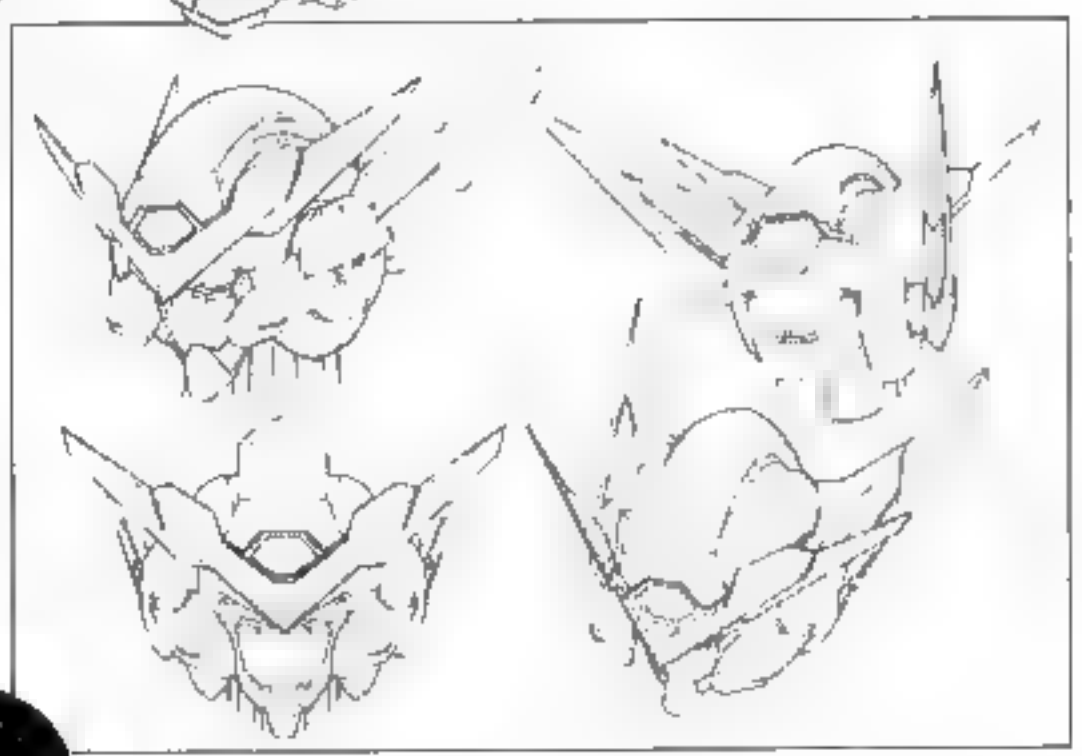

GUNDAM ASTRAEA TYPE F2

ガンダムアストレア タイプF改

Model number GNY-001F2. An enhanced version of the Astraea assembled from spare parts that were gathered after the defeat of Celestial Being. Some of the 15-year old Astraea's parts were starting to deteriorate and replacing them with newer ones considerably increased the suit's capabilities. Design by Kanetake Ebikawa.

↑ Note the round GN Condensers in the joints. The newest parts were installed in place of the old ones.

→ The head antenna can now control GN Particles like the clavicle antenna does. Thus, the Type F Kai has a very precise control of GN particles.

Chapter.08

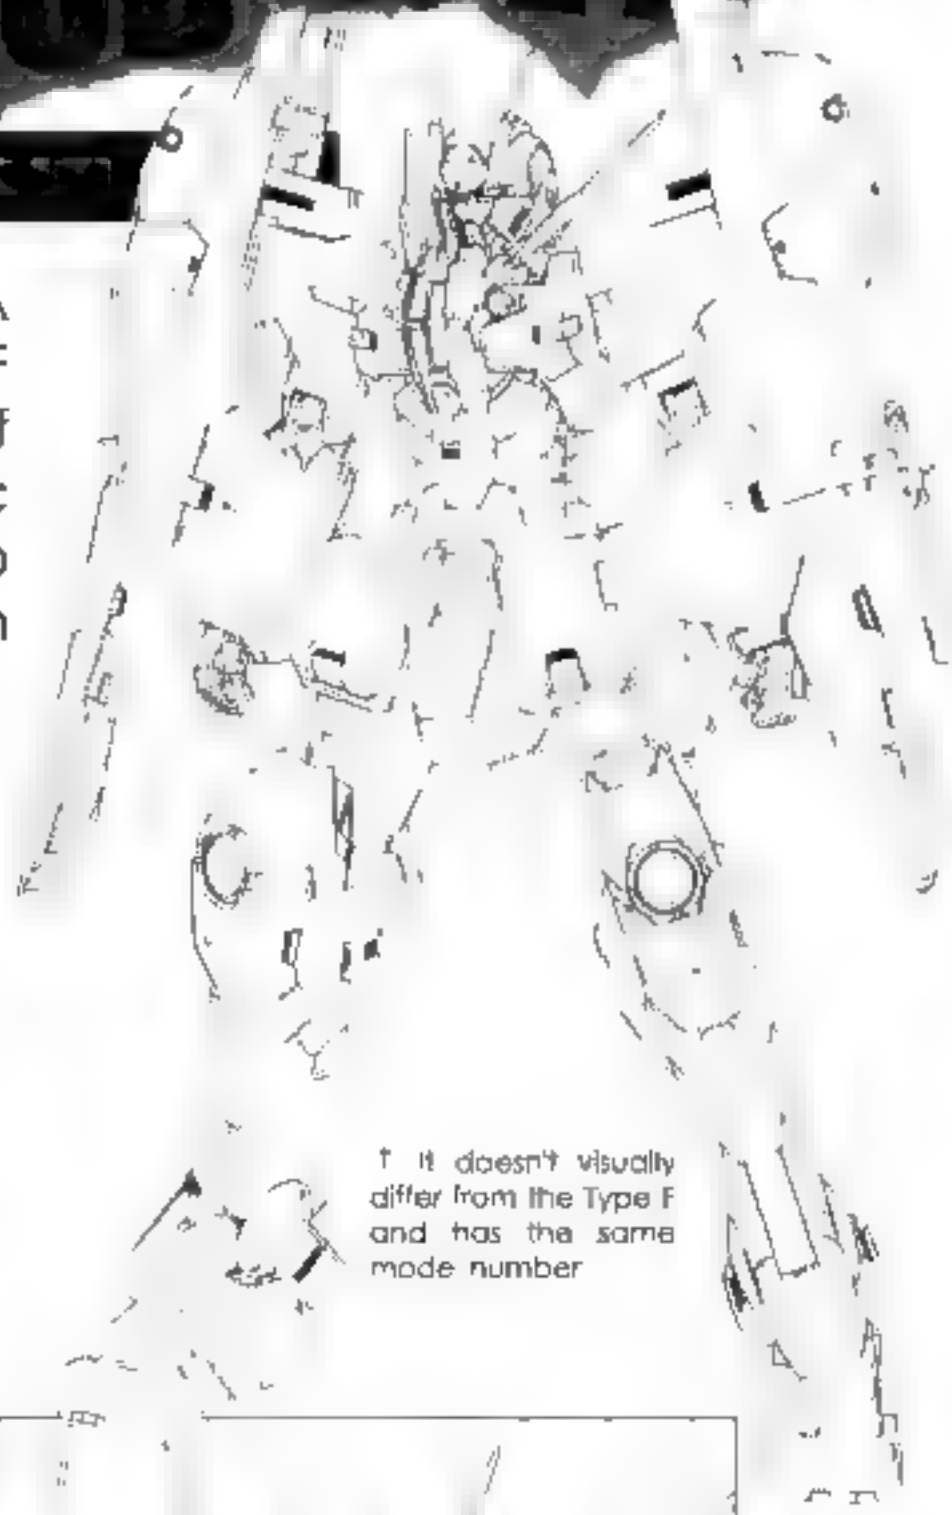

DELVING INTO THE SCIENCE

Poor Moralian army. The Enacts they use have different heads customized for that region. The AEU's Enacts are for high latitude regions. The Moralian Enacts have a different sensor range and climate control systems. In its debut fight, this mode lost spectacularly to the Gundams, so the Moralian army did not adopt it.

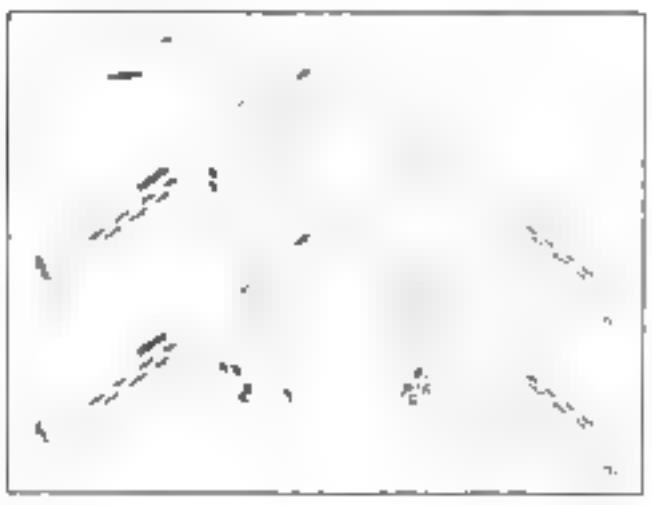

GUNDAM SADALSUUD TYPE F

ガンダムサダルスードタイプF

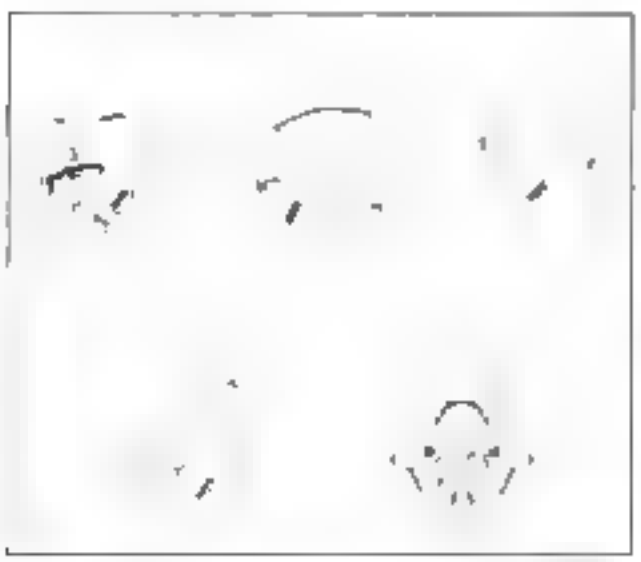

Model Number GNY-002F. A variation of the Sadalsuud F modified by Sherilyn. Has a system of pinpoint GN Fields guarding specific areas and a control for it. Made to conserve power, but requires high piloting skills.

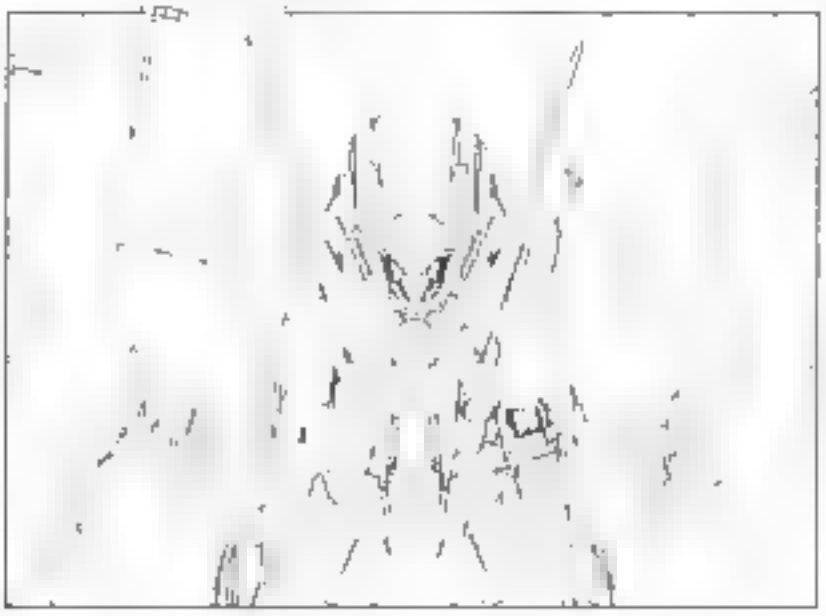

↑ It doesn't visually differ from the Type F and has the same mode number

→ The revolver bazooka can utilize different types of ammunition.

→ The head and shoulder antennas allow it to control the GN Fields

← The head antenna can be stored away to lower water resistance underwater

Hayana was using Tarot cards, which is where the names of the second generation Gundams come from. Astraea's name comes from the goddess depicted on the "Justice' card. Nobody thought someone like Fon would pilot it when that name was given. Saadalsuud's name comes from the goddess pouring water on the 'Star" card. It means "luck of lucks" in Arabic. 'Abulhool" comes from one of the Sphinxes pulling the chariot on the 'Chariot' card.

CONSOLATION

00V MSV

モビルスーツバリエーション

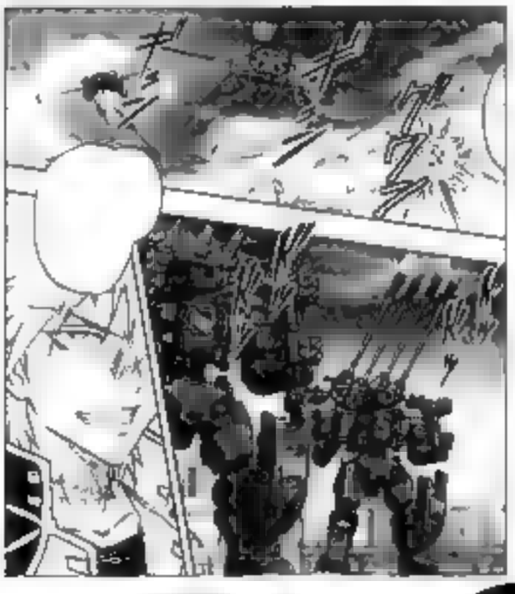

Some of the variations that appear in 00V also appear in this work. Here we present the ones that appeared in Volume.01.

GN-002/DG014 GUNDAM DYNAMES TORPEDO

↑ Model Number GN-002/DG014, A variation of Dynames equipped for underwater combat. Can snipe underwater targets from land.

↑ Appears in Volume.01 Chapter.02. Design by Takayuki Yanase

→ Model number MSJ-06 II-AC. A Tieren with four anti-air cannons attached to the head. Because the AEU and the Union tend to use airborne Mobile Suits, this variation sees a lot of use

MSJ-06 II-AC TIEREN ANTI-AIR TYPE

← Appears in Chapter 10. Design by Kenji Teraoka.

SHERILYN'S DELVING INTO THE SCIENCE

Chapter.10

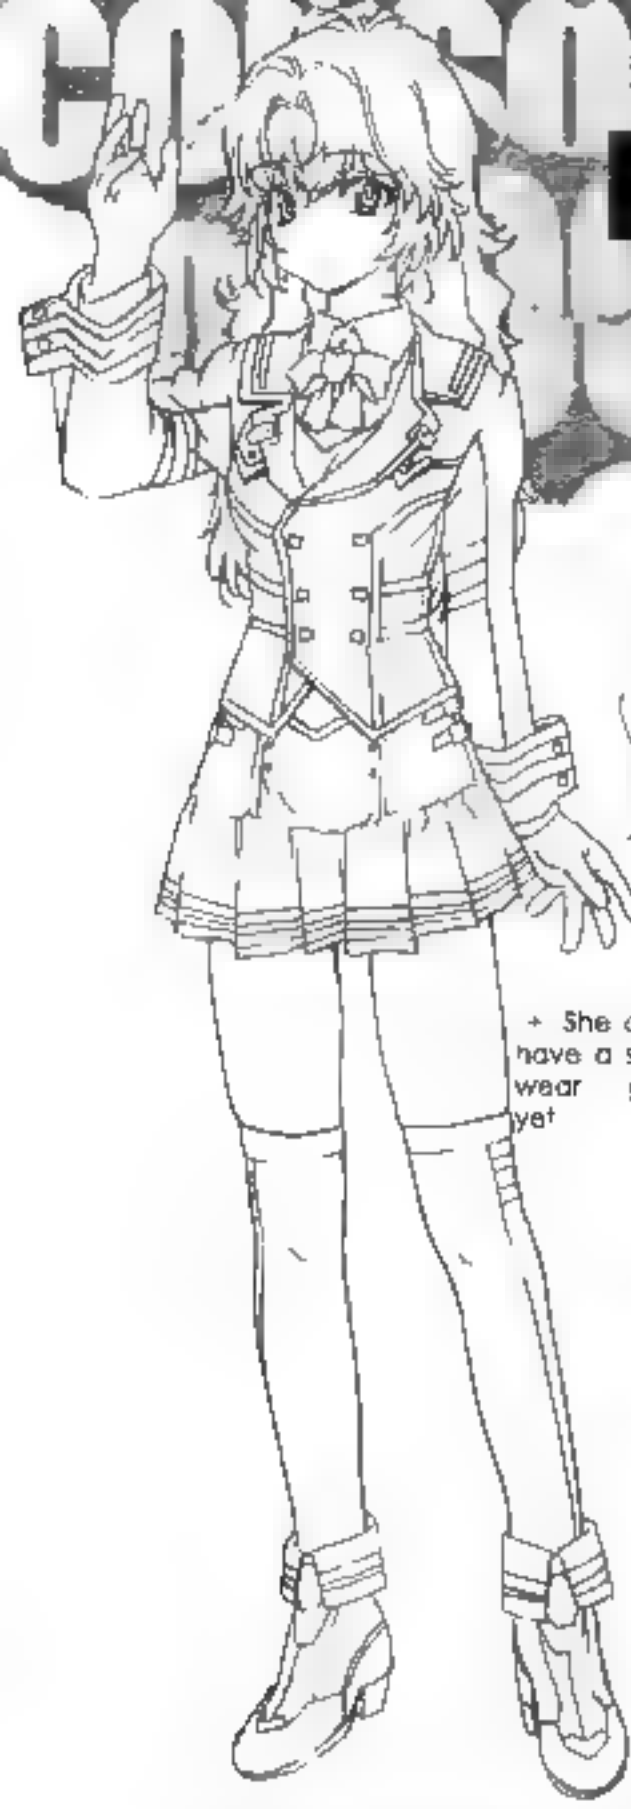

As I explained in chapter 6, Veda treats the Gundam Meisters as if they don't exist. Since the ones controlling Veda linked it to many of the world's systems, they are "nonexistent" on all networks. On the other hand, Veda retained their clearances, so any security systems can be bypassed. Fon calls this "The key to the world".

consonance

character file キャラクターファイル

Presenting OOP characters that are connected to the story of this series. Design by Taraku Uon.

Chali Acustica シャル・アクスティカ

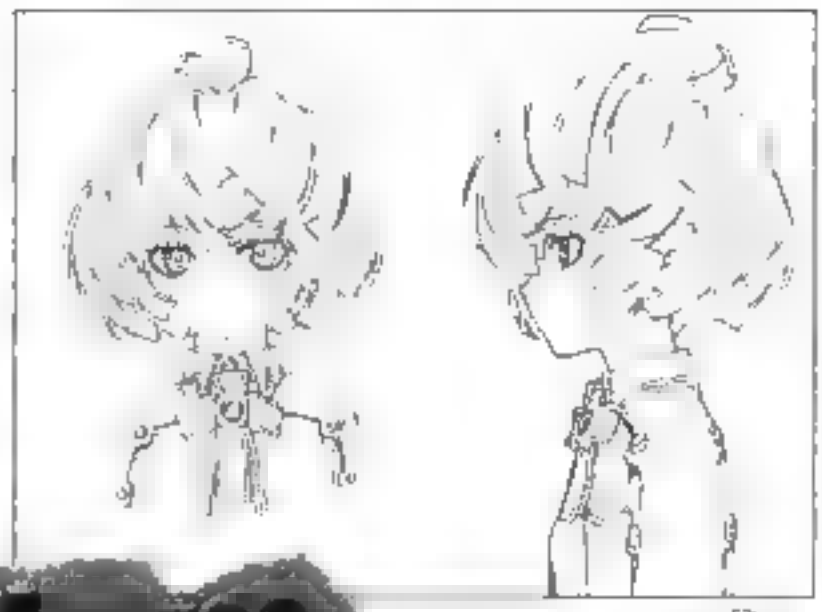

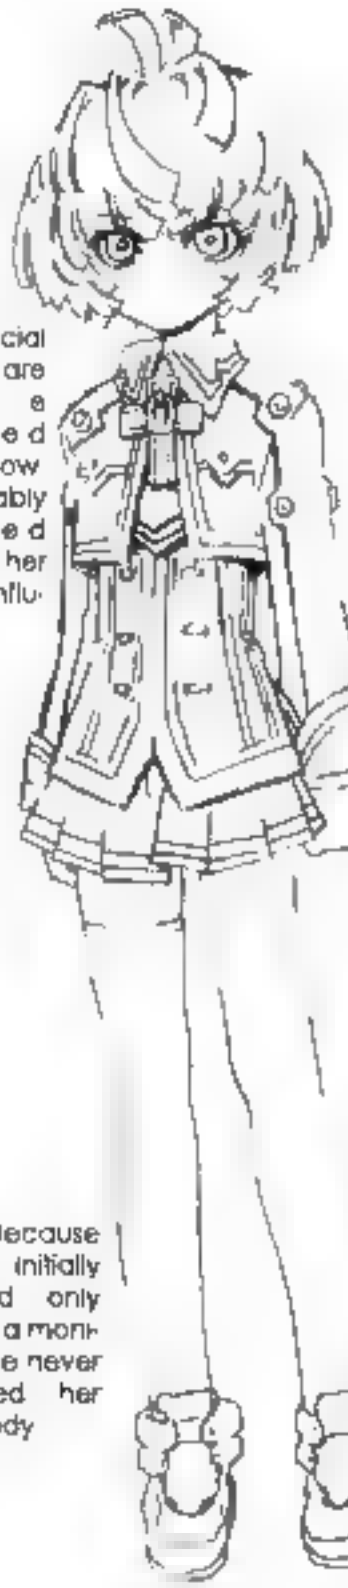

↑ She wears her favorite student uniform as her everyday clothes

+ She doesn't have a scar or wear glasses yet

When Fereshte's leader Chal was 16, she was a second-generation Gundam Meister. She was on a mission in the Gundam Plutone when she caused an accident. She ended up severely injured and lost several friends.

← Her facial features are more reserved than now. She probably changed under her friends influence.

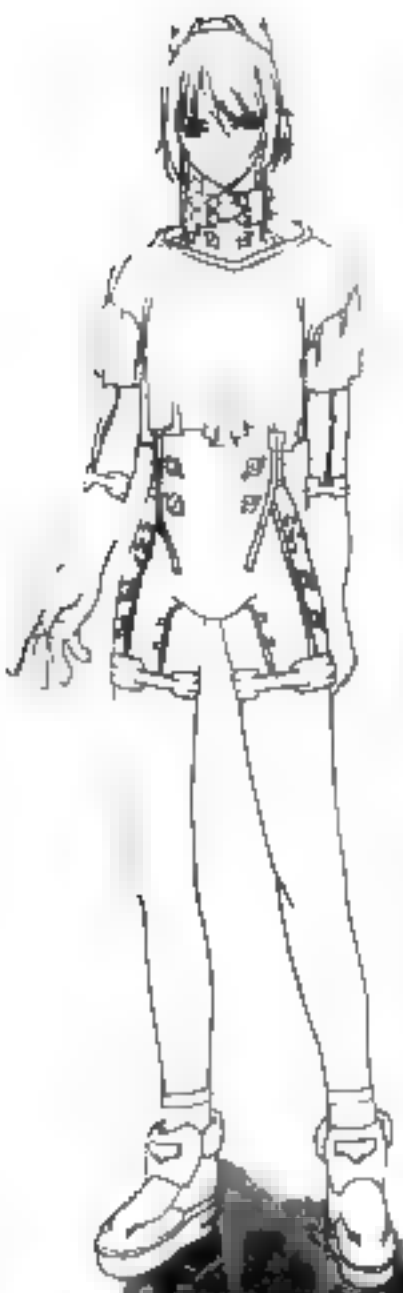

Gundam Meister 874 ガンダムマイスター874

Hanayo was also a second generation Gundam Meister. At that time, she called herself Gundam Meister 874. She didn't have a body and contacted her friends through a monitor.

→ Because she initially existed only inside a monitor she never showed her full body

consonance

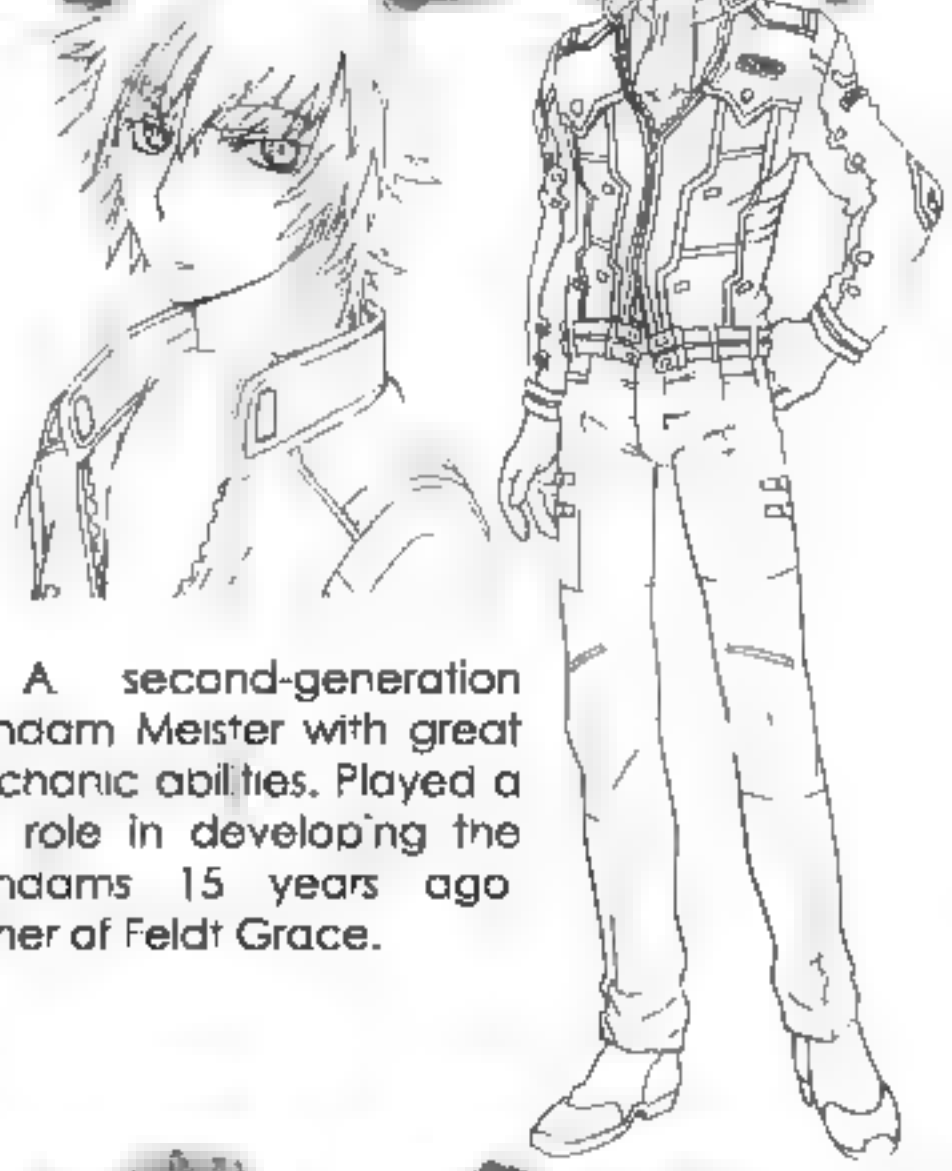

Ruido Resonance

ルイード・レゾナンス

A second-generation Gundam Meister and former criminal. Like Fon, she has a bomb attached to her neck. Mother of Feldt Grace

Marina Branki

マレーネ・ブラディ

A second-generation Gundam Meister with great mechanic abilities. Played a key role in developing the Gundams 15 years ago Father of Feldt Grace.

Ian Vashti

イアン・ヴァスティ

15 years ago, a 37-year-old Ian Vashti saw a Gundam and was scouted by Celestial Being as a result, becoming their head technician. He later took part in the development of many of the Gundams.

Joyce Moreno

ジョイス・モレノ

15 years ago, Moreno, then 28 years old, was a member of "Doctors Without Borders" - an organization administering medical help to anyone regardless of nation or organization. He is an acquaintance of the AEU's Ian Vashti. Afterward he refers to himself as JB Moreno

Hixar Fermi

ヒクサー・フェルミ

← Always wears a pilot suit under his long coat

A mysterious young man who travels with Hayana - a girl who looks identical to Hanayo. Since he can pilot Gundams, he is apparently registered with Veda as a Gundam Meister. He appears to be acting under Veda's command, but details remain unknown. Pilots the Saadiq Type F, which he stole from Fereshte.

MOBILE SUIT GUNDAM OOF [VOLUME.02]

RELEASE NOTES PAGE

Greetings readers of Zeonic|Scanlations. I am your editorial editor, Darth_Blade of Dragon Blues. I'm here today to touch on a subject only semi-related to the new year one that I'm sure many people will come forward with and help. As many of you know, in the past we've routinely asked for more staffers to assist us with projects, and many of the people who came forward were never really contacted, or they fell off the face early after doing just enough from them. Well, we are looking to change that, and in so doing we certainly establish a core group of people to help us accomplish what it is that we set out to do. With that in mind, I'd like to outline the following positions that we require assistance in.

TRANSLATORS: Fairly self explanatory. I'd say, but we are looking for interested participants who are fluent in both English as well as Japanese. Preferably N1 Level 2 or 3, we have a routine test that we assign and will be tested over by our staff. We aren't looking at taking on any other projects at the moment, but we are looking to catch up on a lot of the open ones that we have now.

TRANSLATION CHECKERS: For those of you that don't want to tackle the task of a series on your own, we are looking for translation checkers for most of our current releases. The main focus of this position will be to read through the original material and compare it to the translated script to ensure that there are no issues with anything. Requirements will be the same as the translation position above.

EDITORS: We're looking for editors who can fix the translations so that they aren't literal translations, but rather something that flows together nicely. An excellent grasp of the English language is a must, and proficiency in English and/or Japanese is a plus. All editing requires will be directed to our Senior Editor, Redfal.

PHOTOSHOPPERS: As you've probably heard us talk for a while, Project Zanku is a very ambitious project. We're looking for experienced manga photoshoppers, while we do appreciate the efforts of those who want to help out, we have no experience if just causes more work for us to fix in the end. If you've been using photoshop for a while, that is a huge asset. The currently remaining test for this position since our current one is rather outdated. Requirements for this position also require the worker to master Dragon to get off his ass and start things.

QUALITY CONTROL: We're looking for people to scrutinize our releases. We want errors noted, missing panels found, blemishes spotted and so on. This is the final position before the project gets released. So it's also the most time consuming, and since the editors have always done the final quality check, we figured that a pair of fresh eyes looking at stuff that hasn't been seen before doesn't hurt. Please note that requirements for this position are the same as the Editor. A firm grasp of the English language is a must.

My goal for this year is to start up a seamless progression system. One of the main reasons we are so slow with things is based on ~~sheer laziness, time-based~~ a lack of interest with projects and management. I have since changed the way projects themselves are showcased on our forums staff section. So far the system works well, but I'm still tweaking yet another section of updating and what not. I'm open to suggestions if people have any. I'm also going to try and provide more details about current project status that has a little bit more depth to them as people know it WIP, where a project is instead of seeing 40% COMPLETE for proofreading or translating and what not.

If you are interested in helping us, please feel free to sign up and reply to the posting, email me (dwade), AT gmail DOT com, or find me in our dead IRC Channel. **The more help we have, the faster we can pump stuff out.** Look for a release timeline at some point in the future with REALISTIC deadlines!
